MINERS AND OPERATORS AGREE ON WAGE SCALE IN CENTRAL COAL FIELD

Bituminous Workers and Owners Ratify Agreement
Submitted By the Sub-Committee of Seventeen
On Wednesday

New York, Jan. 24.—Bituminous coal miners and operators of the central competitive field today ratified the wage scale agreement submitted by the sub-committee of seventeen. The new agreement, succeeding the Cleveland pact, is effective from April 1.

The new agreement is identical with the Cleveland pact and extends the time of its effectiveness for a year. The miners wished a two year contract on the same wage scale and working conditions.

The bituminous fields of Indiana, Ohio, and Illinois were represented at the conference.

Copies of the resolution renewing the settlement agreement were directed to be sent to President Harding, Attorney General Daugherty and John Hays Hammond, chairman of the U. S. coal commission.

Provision was made for a meeting of the joint sub-committee of operators and miners not later than Jan. 8, 1924, to plan an interstate conference to draft an agreement to succeed the present one.

Reference was made in the resolution to Hammond's telegram of Jan. 4 to the conference at Chicago expressing the hope that an agreement would be reached.

After the joint meeting the policy committee of the United Mine Workers of America met to consider routine business.

KNOTTED NOOSE THREATENS MOB MEMBERS TODAY

Louisiana Investigation Enters Final Session With Evidence Now In

Court House, Bastrop, La., Jan. 24.—A new outrage was charged to the "black masks" terrorists of Morehouse parish today when Tom Robinson, young chorister, told on the witness stand of being kidnaped from church by a "hooded mob" and beaten on a June Sunday morning.

Robinson declared the "black masks" had invaded the church to get him taking him away from the side of his children.

Court House, Bastrop, La., Jan. 24.—The great knotted noose of the hangman today swung toward the hooded necks of the "black masks" of Morehouse parish who carried Watt Daniel and Thomas F. Richards off to modern crucifixion on that fateful August night, five months ago to a day.

With the "hooded mob" investigation entering its final session, the master piece of evidence was in the hands of state prosecutors definitely linking the "black masks" to the hideous murders. The man who produced this missing link was located by the International News Service.

Although the state of Louisiana has involved the Ku Klux Klan in the murders only a vaguely circumstantial evidence, can now lay the hideous crime squarely on the head of the hooded mob, five of whose members have been publicly identified as klansmen.

"The missing link" was furnished by the itinerant autoist, once called the "traveling man" who saw the "black masks" with bloodstained hands, carrying the bodies of Daniel and Richards to Lake LaFourche, where they were tossed to a slimy, watery grave. The autoist was found by the International News Service and brought to court by department of justice agents. He was termed by Assistant Attorney General Avispo, the state's smashing surprise witness. His name is L. L. Jones, of Moselle, Miss.

An important American feature of the dramatic meeting was a statement read by Ambassador Child, outlining the position of the United States. Mr. Child said that Lord Curzon had clearly indicated that the British government would hold aloof as far as possible from making concessions in Mesopotamia, and he had declared his belief in the principle that large factors in the world's resources should not become the subject of monopolistic development.

The conference will continue its labors, and the Turks later will be presented with the draft treaty, in which, according to the British, there will be a clause providing that the Mosul question be submitted to the league.

Unless the Turks change their mind, this will be sufficient for them to refuse to sign the treaty. Then, as Lord Curzon said, there may be a renewal of war in the near east.

The Turks asserted that the British could never go before the world as breaking up the near eastern conference over the question of oil, for then the world would deem oil to be the real cause of the break.

GOVERNMENT CLOSING CASE.
Cleveland, Jan. 24.—The government closed its case in the hearing of the temporary injunction issued by Federal Judge John M. Killits here on Jan. 5, restraining half of the window glass manufacturing plants in the country from closing down their plants on Jan. 27.

BERLIN BUILDING
FALLS, MANY DIE
Berlin, Jan. 24.—At least ten persons were killed and 16 other injured when the roof of the Tageblatt building collapsed today, crashing through all the floors to the cellar.

An additional story had been built up on the original four floor structure, overloading it.

The building contained a number of the Mosse Publications of which the newspaper Tageblatt was one.

DENVER MINT BANDIT IS SLAIN

This photograph shows a man believed to have been J. S. Sloan, leader of the sensational \$200,000 hold-up of the Denver (Colorado) Mint, in which a mint guard was murdered, after firing a number of shots into the bandits' automobile. The body was found in an

automobile in a locked garage in Denver. The photograph also shows the guns and the car in which the slain man was found. He is believed to have been killed by one of the shots fired by the guard and to have been left there by his accomplices.

AUTHORITIES TO TEST GUNS FOR EVIDENCE

Local Officials Will Determine if Revolvers Alleged to Have Been Found at Vandervoort's Home Were Used to Kill Policemen.

Further evidence against Louis Vandervoort, 20, who is being held in the Clinton County Jail, charged with the murder of Patrolman Emery McCreight of Wilmington last February 15, may be obtained in a test of the gun with which he is alleged to have used, according to officials here, Wednesday.

This evidence will hinge upon tests expected to be made Wednesday afternoon by Sheriff Morris Sharp, Deputy Baughn and Prosecuting Attorney J. Kenneth Williamson. The tests will be made officials say, to attempt to link the slaying of Patrolman Elvas Matthews of this city in December to him. If the spent cartridges correspond with the shells picked up near the scene of the murder, authorities believe they will have welded another link in the chain of evidence against the youth.

Two automatic pistols will be used in the test. They were unearthed by Sheriff Sharp Tuesday night at Washington C. H., and it is said, were taken from the mass of loot originally uncovered at the Vandervoort home and taken to that city when Vandervoort was charged originally with burglary and larceny. They are of Harrington and Richardson make, and of 32 calibre size. Shells corresponding in calibre and identical description with spent bullets and empty shells picked up at the scene of the murder of Patrolman Matthews have been obtained by Sheriff Sharp. They match in every detail, authorities say which are being held by Chief of Police M. E. Graham of this city since being picked up at the scene of the Matthews murder. A quantity of the cartridges was found with the two automatics in the loot held at Washington C. H., according to authorities.

Authorities say that the plunger on the hammer of the automatic that killed Matthews did not strike the cap of the cartridge in the center. Each empty shell showed that the cap was struck at a little to one side. Sheriff Sharp, Deputy Baughn and Prosecutor Williamson, were preparing Wednesday afternoon to go into the country and fire some of the cartridges in each of the pistols. They will seek through this peculiarity in the firing of one of the pistols, to determine if either is the gun wielded when the Xenia policeman was killed.

Authorities think that if they can find the gun with which Matthews was killed that they will also have the pistol with which the Wilmington shooting was done.

In the meantime, Vandervoort, formally charged with the first degree murder of Patrolman Emery McCreight and also accused of the murder of Matthews remained adamant in his cell in the Clinton County Jail. Efforts of authorities so far to break down his story of innocence have been unavailing, although they say they have used sworn and signed statements of the other three youths held.

Vandervoort and his cousin, Walter Bangham, 18, of Port William, who is also charged with the murder of McCreight based on his own alleged confession that he was with Vandervoort when the latter is alleged to have shot the policeman, will be arraigned before Justice of the Peace W. I. Stewart in Wilmington, Saturday, on a formal first degree murder charge. To take no chances with the possibility of a dash for liberty, the square will be taken to the jail to arraign both of the accused boys in their cells instead of bringing them to the Magistrate's court.

Archie Glass, 21, and Frank Moorman, 20, both of Jamestown, will be arraigned on charges of burglary and larceny, growing out of their alleged admissions that they were with Vandervoort when he is said to have broken the plate glass window of the Syndicate store in Wilmington and escaped with several hundred dollars worth of loot.

STOP BOOZE LEAK
INTO WASHINGTON
DRY AGENTS CLAIM

Fine Whiskeys and Champagnes Pouring Into Capital is Charge

Washington, Jan. 24.—One of the "leaks" through which great quantities of fine whiskey and champagnes have been poured into thirsty Washington has been stopped, prohibition officials said today, by the arrest of John J. Lynch, 22, and his subsequent confession that he obtained his supplies through the Cuban legation.

Lynch made an affidavit, according to police, in which he disclosed a number of servants at the legation. A search of his apartment disclosed a considerable stock of Scotch, rye, and champagne and a client list de luxe on which appeared the police said, the names of many persons prominent in business and social life of the capital. The names were withheld.

Every embassy and legation in Washington is permitted to bring liquor into Washington under diplomatic immunity. According to the prohibition authorities of a clique of employees at the Cuban legation supplied Lynch with liquor thus brought in and he disposed of it to wealthy patrons for gay entertainments.

It is probable the state department will be appealed to by the prohibition authorities to make representations to the Cuban legation in the matter and also to "tighten up" on diplomatic permits.

OFFICE SURVEY SOUGHT.
Columbus, Jan. 24.—First action in the legislature on the recommendation of Governor Davis that a new office building be erected in Columbus to house all state bureaus was taken in the senate when Senator Liggett of Logan county introduced a resolution asking for the appointment of a committee to investigate state offices and made recommendations.

Germany Behind Labor Strike

BITTER WRANGLE PRECEDES VOTE OVER EXEMPTION

House Against Further Issuance of Tax Exempt Bonds

Washington, Jan. 24.—The house adopted the Green resolution proposing an amendment to the constitution which would prohibit further issuance of tax exempt securities.

The proposal, which had been urged by President Harding and Secretary Mellon, was put through after an unusually bitter wrangle by a margin of seven votes. Passage of the resolution required a two-thirds vote, and the roll call stood 223 to 101.

Republicans opposing it and Democrats supporting it, it split about even, 23 Democrats joining administration leaders, while 24 Republicans broke away from party lines and voted against it. The measure now goes to the senate.

Amendments were offered by the score, but they were knocked out with little ceremony, after a half hour fight over the improper use of a couple of commas in the text of the resolution.

Representative Green of Iowa, ranking Republican on the ways and means committee, who drafted the proposal, and Representative Garner of Texas, ranking Democratic committeeman, took charge of the fight for the two sides. The arguments swung around the oft repeated statements that the measure was designed to prevent the rich man seeking a tax free haven, and that it was an invasion of the right of the states to control their own credit.

The principal fight was over Mr. Garner's amendment, which he explained was designed to prevent the levying of a prohibitive tax on state bonds or the imposition of a higher tax on income from state bonds than that levied on income from other sources. Without discussion, the house refused to exempt federal farm loan and joint stock land bank bonds.

DRUNKEN BRAWL TO COST MAN 10 YEARS IN PENITENTIARY

Paroled Prisoner Sacrifices Freedom On Account of Charge

Cleveland, Jan. 24.—One night's drunken brawl will cost Joseph Rebar, paroled prisoner, ten years in the Ohio penitentiary, where he will be taken today, and at the same time his wife Virginia Rebar, 30, found to have been responsible for her husband's fall, will spend one year in St. Ann's maternity hospital, under a suspended sentence to the Marysville reformatory for women.

Rebar, handcuffed to a deputy sheriff, was brought into court from county jail with his wife, Chief Probation officer Kirby who had asked Rebar's parole, was the chief state witness against the couple.

Kirby told Juvenile Judge Addams that the two during Christmas week had gone out one night, came home drunk and beaten up Rebar's mother upon their return. The technical charge against Mrs. Rebar was contributing to the dependency of their son, aged 7. The elder Mrs. Rebar, her body marked with bruises inflicted by the drunken pair, was in court.

Rebar's parole was revoked and he was ordered returned to the penitentiary. In view of the fact that Mrs. Rebar is soon to become a mother again, her reformatory sentence was suspended upon condition that she spend a year in St. Ann's maternity hospital.

PREPARING U. S. FOR NEXT WAR

It is significant that, with Europe on the verge of a volcano, Assistant Secretary of War Wainwright has started from Philadelphia on a tour all over the country to perfect War Department plans for industrial mobilization in the event of war. He will visit Cincinnati, Pittsburgh, Chicago, St. Louis, Louisville, Rochester, Buffalo, Cleveland, Detroit and Pacific Coast cities to consider local plants to take over in an emergency.

ASK STATE AID TO KEEP OPEN OHIO SCHOOLS

Want Support of Law Providing for Extra Tax Levy

East Liverpool, O., Jan. 24.—Acting for East Liverpool as well as scores of other Ohio municipalities facing like problems, a delegation of business men headed by J. H. Brookes, president of the Board of Education, and E. S. Donahy, a cousin of Gov. A. V. Donahy, will leave here this afternoon for Columbus to appeal Thursday to the state executive and the Ohio legislature for support of a law to permit an additional tax levy to keep the public schools open until June 1.

This decision was reached in view of the fact that East Liverpool's schools will close March 1 unless financial relief is forthcoming. Plans for a city wide drive Jan. 30-31 for \$60,000 to pay teachers salaries during March, April and May have been held in abeyance, until Feb. 13-14, pending the result of the appeal for legislative aid.

A detachment of French infantry, with bayonets fixed to their rifles, guarded the court where the trials were conducted. M. Badin, the French prosecutor, in outlining the military's case against the defendants asked that fines be imposed.

HOUSE CUSTODIAN NAMED AT CAUCUS

Columbus, Jan. 24.—Dr. C. A. Robinson of Ironton, sergeant-at-arms of the house of representatives, was chosen custodian of the house at a caucus. Robinson defeated "Jack" Thomas of Columbus, former custodian, by two votes.

Bills raising standards for admission to the bar and permitting trial judges to deny bail to convicted criminals appealing cases were among those passed by the house.

Other measures passed were: Permitting operator of motor vehicle to be sued in the county where the injured person resides or where accident occurs; allowing township highway superintendent, trustees or village street commissioners to furnish teams, equipment and tools for jobs, and permitting township trustees to spend not to exceed \$500 for soldier memorials upon petition of 15 per cent of the electors.

Addition of drastic amendments to the Crabbe prohibition enforcement act was given unanimous approval by the senate, which passed the bill of Senator Bender of Cleveland intended to tighten up the state's liquor laws.

It is estimated that \$200,000 a year will be saved if the legislature passes a bill, introduced by Senator Carpenter, Jefferson county, providing for the abolition of about 17,000 Ohio election judgeships. It reduces the number of election judges in each of the 8,500 precincts of the state from four to two.

SEEKS WALKOUT OF WORKERS IN OCCUPIED AREA

Berlin Plans to Have Railway Men Lead the Movement

THOUSANDS RETURN
Employees Threaten Action If Coal Magnates Punished

Paris, Jan. 24.—The German government is striving to bring about a general strike in the occupied areas of the Rhineland and Ruhr, it was charged by French foreign office officials today it is claimed that Berlin plans to have the German railway workers lead in the movement.

The French admitted that there is a partial strike throughout the Ruhr coal fields, which is cutting down the production of German coal. They claim that German officials in the Westphalian coal and industrial zones, inspired by Berlin are "showing increasing bad faith."

Essen, Jan. 24.—Thousands of striking German coal miners in the Ruhr returned to work today pending the outcome of the trials of Fritz Thyssen and other coal operators at Mayence. They threatened further trouble if the coal magnates were convicted and punished.

All of the Ruhr is more or less isolated from the balance of Germany and some parts of the occupied areas are nearly cut off entirely owing to interruption of rail and wire communications.

The production of coal and steel products has fallen sharply, owing to strikes and shortage of fuel.

Mayence, Jan. 24.—"I am a German; I know only the German laws and I obey only the German laws," declared Fritz Thyssen, Ruhr coal operator, when arraigned today before a French military tribunal charged with disobedience.

Thyssen made a dramatic address to the court, concluding: "I will never be a traitor to my fatherland."

Thyssen is the son of August Thyssen, owner of a chain of coal mines and iron and steel mills in the Rhine, land and Ruhr. He and five other German mine directors were arrested on Saturday and brought here for trial. They had been ordered to work their mines to full capacity turning over the coal to the French, but refused.

At the opening of the trial there was much wrangling over the competency of the court to try the defendants.

Dr. Grimm, attorney for Thyssen, declared that the military tribunal was without jurisdiction and attacked the whole procedure.

Dr. Grimm's objections were overruled by the president of the court and proceedings continued. Thyssen was the first witness called.

A detachment of French infantry, with bayonets fixed to their rifles, guarded the court where the trials were conducted. M. Badin, the French prosecutor, in outlining the military's case against the defendants asked that fines be imposed.

PUBLIC INVITED TO MEETING OF P. T. A. THURSDAY EVENING

Parents and patrons of the Xenia City Schools, who have watched the advance of the work of the Federated Parent-Teacher Association in the city since its organization, are being urged to attend the meeting of the Federation, to be held at the McKinley Auditorium Thursday night at 7:30 o'clock, when Paul B. Stetson, superintendent of the Dayton city schools will make an address.

Mr. Stetson's address will concern the advantages of the Federation, and of the individual Parent-Teacher organizations, and is hoped to crystallize the efforts of the Parent-Teacher Association members, in forming a country-wide Federation in Greene County. Parents and school patrons of the entire county are being invited to the meeting, in an effort to arouse enthusiasm in the proposed project.

The program will open with a musical program in charge of V. G. Siebert of Central High School.

FAMOUS AUTOS WIN OVER MIDDLETOWN

The Famous Autos quintet marked up another win Tuesday night by administering a 26 to 26 setback to the Middletown Miamis at Central High gym.

Famous Autos had the better basket shooters and their defense was also good. This, in a nutshell, explains why the locals are very likely to remain unbeaten for a good while. The Miamis threw a scare into the locals in the first half by hanging right on to the heels of Coach Haller's lads. When the whistle blew ending the initial half the Famous and the Miamis had 17 points apiece. The second half saw the Famous increase their advantage until they secured a fairly comfortable lead. Baskets by Joe Mark and Solimano put the locals out in front.

The visitors did not have much success in locating the net in this period getting four fielders and one foul. The lineup and score:

Xenia (36) Miamis (26)
Scoring—Xenia: Field Goals—Barlow 6, Mark 8, Solimano 3, Fouls: Barlow and Solimano. Scoring—Miamis: Field Goals—Lamb 1, Tobin 7, Wikoff 1, Vandever 1, Sullivan 2, Fouls: Wikoff 2 out of 3. Referee, Jones of U. of D.

By the narrow margin of two points the South Side Merchants nosed out the L. E. John Emeralds and maintained their hold on the leadership in the Municipal League in the preliminary furnished Tuesday night.

The Merchants stepped out in front in the opening half and appar-

ently had led the game at the close of the period, when the score stood 12 to 7. The Emeralds, however, proved that they had a few words to say on this matter when they came back in the last half, and outplayed the Merchants, cutting down the lead until the teams were tied. Douthett won the game for the Merchants in the last half-minute of play with a long shot that put his team in the lead.

The game was fast and well played, with Reutinger and Douthett starring for the Merchants and Skelly and L. Davis playing best for the Emeralds. The lineup and summary:

Merchants—17 Emeralds—15
Douthett L. F. Gallagher
Baynard R. F. Skelly
Huston C. G. L. Davis
Reutinger L. G. Puller
Substitutions: Merchants Terrell for Huston, Huston for Terrell. Field Goals: Douthett 3, Baynard 1, Reutinger 2, Boxwell 1, Skelly 2, L. Davis 2, F. Davis 1. Foul Goals: Douthett 3, L. Davis 5.

COMMUNITY PLAYERS PERFORM ON FRIDAY

The coming of the Community Players, a Dayton dramatic organization to the City Hall Theater Friday night, is being looked forward to with considerable interest.

The dramatic organization has been winning much success in its initial stage effort, "The Man From Mexico," a three-act offering that will be submitted to local playgoers on the occasion of the Friday night engagement here.

The Community Players is a new organization in Dayton, composed of a number of men and women of latent dramatic ability, and directed by Miss Grace Stivers, head of the department of elocution at Steele High. "The Man From Mexico," is a comedy-drama that is expected to please local audiences.

CARBON MONOXIDE TAKES TWO LIVES

Cleveland, Jan. 4.—Carbon monoxide gas had claimed two more victims in Cleveland today, when the bodies of John Kutschera, a real estate dealer, and an unidentified woman, aged about 30 were discovered in Kutschera's home after police broke down the doors. They had apparently been dead almost a week. The total fatalities from this cause in the past two months here is placed at eight.

CONFECTIONERY OPENED HERE NOW

The Quality Sweet Shop, Xenia's newest confectionery, is now open for business in the former location of the Princess Confectionery, Steele Bldg., Main and Detroit Streets.

Furniture and fixtures of the Princess have been purchased by James Make, operator of a confectionery and interested in several others in Dayton, and by a partner; and Make will be the manager of the Xenia store. The confectionery was opened up under the new name Saturday.

The Princess was emmired in financial difficulties when Steve Angell partner with Nick Pappas in the business and manager of the confectionery left the city with \$2,000 of the partnership funds. Immediately a number of claims were set up and the fixtures were turned over to C. S. Ball, Dayton candy manufacturer, who held a first mortgage, and who sold them to the new owners. An auction sale of candy was held at the confectionery Wednesday afternoon to settle claims against the old firm.

MARRIAGE SOLEMNIZED

IN JAMESTOWN WEDNESDAY.

The marriage of Miss Grace Stoner, daughter of Mr. and Mrs. J. E. Stoner, of near Jamestown, and Mr. Max Moon, of Jamestown, was solemnized by the Rev. L. L. Gray, pastor of the United Presbyterian Church at Jamestown, at the home of the bride's parents, Wednesday morning at 10:45 o'clock.

The ceremony was performed in the presence of the members of the two immediate families and a few friends. The attendants were Miss Bess Burnett, of Dayton, and Mr. William Warren, of Dayton.

Upon the entrance of the bride party, Miss Macelle Moon, and Mr. Nell Moon, sister and brother of the bride groom played a piano and violin accompaniment, the party coming down a circling stair case, into the reception hall, where the vows were read. An improvised altar of banked ferns and carnations formed a pretty setting for the service, the single ring ceremony being solemnized.

The bride, a charming girl, wore for her marriage a becoming gown of blue tulle, fashioned with ruffles and bouffant skirt. Miss Burnett wore a gown of black satin.

A wedding luncheon was served at the Stoner home at twelve o'clock, covers being laid for sixteen guests. Pink and white were carried out in the appointments, with favors of dainty pink and white nut baskets, and placecards. Pink rose buds formed a center piece for the bride's table, where covers were laid for Mr. and Mrs. Moon, Miss Macelle Moon, Mr. Nell Moon, Miss Bess Burnett, Mr. William Warren, Mr. Samuel Stoner, and Mr. Ross Stoner. The other guests were served in adjoining rooms of the Stoner home.

Mr. and Mrs. Moon left Wednesday afternoon for their honeymoon. Mrs. Moon wearing a traveling outfit, consisting of a coat of navy blue velvet, with collar and cuffs of gray fur, navy tricot dress, and a navy blue hat. Upon their return they will be at home to their friends at 18 Balpre Court, Dayton. Mr. Moon is employed in Dayton, as contractor for the Acme Realty Company. Mrs. Moon before her marriage was assistant cashier at the Farmer's and Trader's Bank at Jamestown, and has many friends in this city and Jamestown who are interested in her marriage.

The members of Mrs. George Street's Sunday School class in Trinity M. E. Church were delightfully entertained Friday evening at the home of Miss Marie and Helen Vorhees, on the Fairground Road in compliance to Mrs. Louis Robinson and Mrs. Earl McCoy, recent brides of the class. A short business session was held during which Miss Kate Bennington, in behalf of the class, presented each of the brides with a handsome silver piece. The remainder of the evening was spent in an informal way with music and games and a refreshment course was served.

GERALDINE FARRAR'S MOTHER SUCCEUMBS

New York, Jan. 24.—Mrs. Sidney Farrar, mother of Geraldine Farrar, opera star, died early today in her Riverside drive apartment after an illness of several weeks. Pneumonia developed two weeks ago and with chronic heart disease hastened her death.

Miss Farrar, who has been visiting in Hamilton, Ont., is hastening to New York. She was expected to arrive soon. A hearing of her divorce suit against her husband, Lou Tellegen, was scheduled to open today.

URNS PLANT OVER

TO EMPLOYEES

Chicago, Jan. 23.—The \$4,000,000 Northwestern Terra Cotta company was turned over to 26 employees by Gustave Hottinger, its owner. The company was formed in 1878 by Hottinger, who came as an immigrant from Vienna, Austria. Today it is the largest in the world. Hottinger will remain as president long enough to see the new ownership well started and will then step out, he said.

URGES PAROLE BOARD.

Columbus, Jan. 23.—Establishment of a long term state pardon and parole board and the granting of an indeterminate sentence to all convicted criminals were urged by P. E. Thomas, Warden of the penitentiary, addressing the nearly 300 delegates attending the fourth annual convention of the Ohio pastors association in session here today. The convention will end tomorrow.

GUN WIELDER SENT TO PENITENTIARY TO SERVE 1 TO 20 YEARS

Elvia Sullinger, 27, colored, found guilty of shooting with intent to kill by a jury in Common Pleas Court last Friday, was sentenced to serve from one to 20 years in the State Reformatory at Mansfield in Common Pleas Court Wednesday morning.

Ralph Nickens, 20, colored, who was found guilty of assault with intent to rob by a Common Pleas Court jury Tuesday, was also sentenced to the Mansfield Reformatory, to serve a sentence of from one to 15 years. Sullinger was found guilty of shooting Choice Kennedy, Mrs. Kennedy and the latter's mother, Mrs. Grace Roberts, last August. He was indicted by the October Grand Jury. Nickens was found guilty with assaulting John Watkins, colored, of near Wilberforce, January 1. He was indicted by the January Grand Jury three days later and convicted Tuesday for the crime.

William James, 35, colored, an accomplice of Nickens, is still to be tried. He was indicted for the same charge.

IN COLUMBUS FOR SCHOOL PROPOSITION

H. C. Aultman, county superintendent of Schools, Dr. E. C. Ream, of Bowersville, chairman of a citizens committee at that place, and Jack O'Bryant, president of the school board, and of the Parent-Teachers Association, in Jefferson Township went to Columbus, Wednesday, in the interest of the Jefferson Township schools, which will have to be closed unless financial relief is secured, as the result of the failure of the passing of a school levy in the district, at the last election.

According to Superintendent Aultman, he believes there will be relief of the situation, through a new bill which is before the legislature and if this fails a special election will be held. On condition that both fall the county superintendent says he has another plan which if it receives the co-operation of the people will relieve the situation in the schools in Jefferson Township. The school is one of the best in the county and will be considerable disadvantage if closed.

AUTHORITIES TEST OUT GUN FOUND WITH OTHER LOOT

(Continued from Page 1.)

Not only Vandervoort, but Bangham also refused to talk, according to information from Wilmington Wednesday afternoon. Bangham's alleged confession was the first evidence authorities had that Vandervoort might be connected with the slaying of McCreight. Immediately after his arrest Bangham it is said declared he was with Vandervoort in the attempt to rob the Murphy-Bangham hardware store, and that Vandervoort shot the officer when the latter interrupted him as he was leaving the store room with a quantity of stolen property.

The four youths are being held in different cells in the jail, so that they do not have an opportunity for communication. While all were in a mood for talking, authorities say they obtained signed and sworn statements of their confessions which they believe will be sufficient for conviction without a confession from Vandervoort and without a further statement from Bangham.

Authorities also have the testimony of Alfred Ferguson, of James-town, who, it is alleged, said Vandervoort had told him that he killed McCreight but that he was afraid Vandervoort would kill him if he told authorities, and they are also said to have similar statements from several other youths who are breaking long-kept silences now that Vandervoort is behind the bars.

With the alleged confession of Vandervoort that he robbed six different stores in their hands, authorities are now working under the belief that he may have been guilty of many other hold-ups and robberies in this section of the state. A further and complete search will be made for loot that is yet uncovered, but such a search has not been made since the officers found the second cache of loot in the barn loft of the "Forest Home" fruit farm, which is Vandervoort's home.

News of the serious charges placed against Vandervoort shocked Jamestown and vicinity where the lad was well and favorably known. The boy is the son of Mr. and Mrs. E. B. Vandervoort, fruit farm operators, and known to be well-to-do and even many of his friends did not suspect him as guilty of the robberies which he is said to have confessed to or the murders that have been charged to him by his companions. He graduated from Jamestown High School two years ago, and had since been working on the farm every day. He made frequent trips to this city delivering fruit from the farm. At night, according to the stories of his companions, he rode about the country in a Packard touring car committing daring robberies that might have been attributed to a professional crook.

Vandervoort is said to be a relative of Oliver Vandervoort, who killed three people near Cuba, south of Wilmington more than a year ago. The relationship is substantiated, but is very distant, the family name not being spelled the same.

HIGH SCHOOL IS CLOSED BECAUSE OF GRIP EPIDEMIC

With one-fourth of the enrollment out of school due to sickness, Central High School closed Wednesday night, by order of Superintendent of City Schools, C. A. Waltz, to prevent further inroads among the pupils during the grip epidemic. The school will remain closed until Monday, when it is hoped the crest of the epidemic will be passed.

One hundred and thirty-three pupils of Central High School are out of school at present due to grip and allied ailments, according to Superintendent Waltz, who is urging that all parents keep their children at home, during the epidemic to prevent spread of the disease.

COURT FANS WILL WAIT MONTH FOR DETAILS OF CASE

Los Angeles, Jan. 23.—Court fans will be forced to wait thirty days for the next reel of the love story of Dorothy Clark, 17-year-old dancer and Herbert Rawlinson, film star, as told in the \$200,000 suit brought by the dancer who alleges Rawlinson attacked her when she was fourteen.

The case was in adjournment form, period due to the illness of the girl's mother, Mrs. Ethel Clark. The adjournment came in the midst of the story of the girl on the stand. Miss Clark had testified regarding the actor's attentions to her beginning when she went to his studio to have him autograph a picture. Rawlinson contends his interest was merely friendly and to gain the girl an entrance in films.

Dozens of love letters which Rawlinson was alleged to have written to Miss Clark in 1918 when she was 13 years old were read to the jury.

MOVIE STUDIO IS DAMAGED BY FIRE

Los Angeles, Cal., Jan. 24.—Damage estimated at \$50,000 was done to the old D. W. Griffiths studio early today when fire broke out in the laboratory of the big plant in the Hollywood district. The studio known as the fine arts studio houses eight independent motion picture companies. Cause of the fire is unknown.

DISCUSSES NEEDS OF T. B. HOSPITAL

The needs of the district tuberculosis hospital at Springfield were thoroughly discussed by Dr. C. M. Finney, superintendent of the institution, in an address to the members of the Springfield community council Tuesday night. Pressure should be brought to bear upon Clark County commissioners to provide sufficient funds for the operation of the hospital, declared Dr. Finney.

Dr. Finney anticipates the need of greater facilities, the children's cottage now housing 17 patients and it is expected that the coming medical inspection in Springfield schools will bring to light more cases of children ill with tuberculosis. "The children's cottage is crowded now," declared Dr. Finney, "and is used for all purposes, schoolroom, sleeping room and play quarters. It is not sufficient."

Mrs. A. G. Wilson, R. N., of the state hospital in West Virginia, has been engaged as superintendent of nurses at the hospital, assuming her work last week.

Woman Carries Successful Front Porch Campaign

San Francisco, Cal., Jan. 24.—A woman has gone President Harding one better. Mrs. Mae E. Nolan, taking note of the president's front porch campaign, had won election to Congress from the fifth district of California, by a "front porch campaign."

Mrs. Nolan succeeds her husband, the late John I. Nolan, one of the outstanding representatives of labor for many years in congress. She is California's first Congresswoman. She won over a field of six men, all of whom conducted active campaigns.

She never left her home, never made a speech and had a lead of 3,000 over her nearest male competitor. Essentially a "home woman," Mrs. Nolan because of the recent death of her husband, did not regard it as fitting that she should make a speaking campaign.

But the women of her district, comprising half of San Francisco, and the large labor district—came to her. In delegations of from a score to a half hundred they visited her front porch. Politics did not enter largely into the discussions. But they sized up the candidates and then went to the polls and carried the word to their husbands and sweethearts that Mrs. Nolan was the candidate.

The new Congressman from California is "wet."

"I favor modification of the Volstead act," she told International News Service as she received congratulations at her home today. "While strictly speaking the 'wet-dry' question is not an issue, my husband favored liberalization of the provisions of the dry act looking to a return of light wines and beer, and any measures having this object will have my support."

Mrs. Nolan will be an out and out representative of labor in Congress as was her husband.

LAUNCHES ATTACK ON KU KLUX KLAN

Columbus, Jan. 24.—An attack upon the "invisible empire—the Ku Klux Klan—by Rev. Will H. Alexander, director of the commission on inter-racial co-operation of the Federal Council of Churches, featured his address at the convention of the Ohio Pastor's Association in session here.

"Organizations working in the dark and behind closed doors are responsible for much inter-racial bad feeling," said Rev. Mr. Alexander. "Yet last year in the south, more lynchings were prevented by officials of law and order than there were carried out, despite the tremendous influence of the Ku Klux Klan for evil."

IRISH REBELS ARE CONTINUING RAIDS

Dublin, Jan. 24.—Republican irregulars raided Castleman today, attacking the barracks, burning down the railway station and blowing up a bridge.

Free state troops were rushed up and fighting ensued in which there were four casualties.

A railway engineer was killed and another wounded while fighting off a band of armed train wreckers at Tralee.

EDWARDS MAY GET PORTO RICO JOB

Washington, Jan. 24.—Brig. General Clarence R. Edwards, who recently retired from the army after commanding the 26th division in the world war, is being considered for appointment as governor of Porto Rico to succeed E. Mont Reilly, it was learned officially today. Secretary of War Weeks is understood to favor Edwards' appointment.

PAY TRIBUTE TO FOUNDER

Honolulu, Jan. 24.—Tribute to the man, who eight years ago organized the Knickerbocker Baseball Club in New York City and drew up the first set of rules of organized baseball was paid today by the members of the Major League barnstorming squad. They went in a body to Newaua cemetery where Herb Hunter laid a floral wreath on the grave of Alexander Joy Cartwright.

MRS. MALONEY IS DEAD. Spring Lake, N. J., Jan. 23.—Mrs. Margaret A. Maloney, wife of Martin Maloney, Philadelphia gas magnate and papal marquis, died at her home here today.

Sleet And Ice Play Havock In Many Cities Of State

Xenians who ventured without their chains Tuesday night or Wednesday morning found themselves having difficulties in keeping their equilibrium due to the thin layer of ice that covered streets and sidewalks. Automobiles and pedestrians skidded alike, and the slippery streets almost rivalled the conditions of a few years ago when youths skated on their feet to keep from getting their everlasting.

Although automobiles skidded around corners and over curbs, no accidents were reported, although one garage reported pulling in a least a dozen machines that had slipped off the road into ditches from which they could not be driven on their own power. Doctors reported no injuries from pedestrians falling on the slick sidewalks.

STREETS GLARE OF ICE

Dayton, O., Jan. 24.—With the streets a solid glare of ice automo-

biles were abandoned by owners and drivers where they happened to be when the streets became impassible. Many accidents were reported but no fatalities occurred. Street cars and wire lines were handicapped. A city fireman was hurt when a truck answering an alarm of fire collided with a street car.

SLEET STORM IN NEWARK.

Newark, O., Jan. 24.—A sleet storm which struck this city during last night caused a tie up of traffic. Several automobiles were badly damaged by skidding into curbs and buildings. Mrs. Lizzie Connell and Prosper Moore sustained broken arms when they fell on the sidewalks. An automobile driven by Charles Dourdurf and carrying three other men overturned down an embankment and was badly damaged but the occupants escaped injury.

AUTOMOBILES STRANDED.

Zanesville, O., Jan. 24.—More than a hundred automobiles were stranded in the business section of the city last night and spent the night in public garages as a result of a heavy sleet storm which struck the city at 7 o'clock and in a few minutes transformed the streets into a glare of ice. Some few autoists who tried to reach their homes in the residential district abandoned their cars and let them stand across the street, backed up against the curb all night. Street car and interurban traffic was severely hampered. No serious accidents were reported.

Cleveland, Jan. 24.—More than forty accidents, none of them serious, were reported to police early today, the result of a sleet storm, which had paved business and residence streets with a thin coating of ice. Telephone and telegraph service was badly interrupted. Many autoists were forced to abandon their cars on the streets.

COLUMBUS MAN TO SUCCEED DYKEMAN AS FIRE MARSHAL

Louis F. Miller Gets State

Job at Salary of \$4,500

Columbus, Jan. 24.—Announcement was made of the appointment of Norman E. B. Beck of Columbus as head of the state blue sky department, succeeding J. M. Elliott, and Louis F. Miller of Columbus as state fire marshal, succeeding Henry Dykeman of Elyria. The appointments were made by Cyrus Locher, commerce director.

In addition to naming Mr. Beck director of the securities division, an advisory committee was named to pass upon all certification of stocks, with a view to protecting the public from worthless securities. Director of Commerce Locher announced he would devote much of his personal attention to this department.

The advisory committee is composed of Phil C. Berg, vice president of the Guardian Savings and Trust company, Cleveland, and Hall M. Sraun of the Hall M. Crain & Son Company, Cleveland, dealers in foreign bonds, Democrats; Marshall E. Thrallkill, Columbus attorney, and Henry Furniss, a consulting mining engineer of Lancaster, Republicans.

Mr. Beck, the new commissioner of securities, is an accountant. Mr. Miller, the new state fire marshal, was chief deputy United States marshal at Columbus for four years.

DONAHAY WILL NOT REMOVE MAYOR NOW

Columbus, Jan. 24.—Governor Donahay today is awaiting action by Salem, Columbiana County, citizens relative to his declaration that he will take no steps relative to their request that he remove Mayor J. W. Post, of Salem, until after formal charges, supported by documentary evidence, including possible affidavits of citizens and organizations at Salem are filed with the governor.

A delegation of Salem citizens, who conferred with Governor Donahay and State Prohibition Commissioner McDonald here yesterday urged the removal of Mayor Post, claiming he had failed to properly enforce prohibition laws.

WHICH SPEAKS FOR THE RIGHT?

The inaugural addresses of two governors of states of the American Union, who were elected under circumstances that gave to them peculiar political prominence, show so marked a divergence of opinion and policy concerning a hotly controverted issue in American politics that a comparison is both interesting and important. Gov. Alfred E. Smith of New York, a Tammany Democrat, with a record of business efficiency in an earlier administration, was re-elected last fall, over an unexceptionable Republican candidate, by a majority which stands as the record for size. Governor Gifford Pinchot of Pennsylvania, a Progressive Republican, an inheritor of the Roosevelt tradition, was also elected by an enormous majority.

Upon the very vital question of the enforcement of the law, and particularly that law which springs out of the effort of the people of the United States to break the grip of the liquor power upon the Government and upon society, neither of these eminent executives can be accused of concealment of his purpose.

Governor Pinchot is emphatically for the enforcement of the law by every agency which he can bring to that endeavor.

Governor Smith finds in the concerted and brazen effort to evade and violate the law no suggestion that he should attempt to enforce it, but rather a reason for the law's annulment.

Governor Pinchot declares for the suppression of the law-breaker—Governor Smith for the suppression of the law.

This contrast is the more important because the two states, whose executives thus speak, are the two greatest commonwealths of the American Union.

AT 82 SHE RETIRES FROM ACTIVE SCHOOL WORK.

For forty years, Mrs. Esther H. Richardson has taught in the Hutchinson, Kansas, public schools, most of the time in the senior high school and part of that time as principal of the high school.

Thirty-four graduating classes have gone out from her schoolroom into the world of business affairs and home-making. Boys and girls who were her pupils in the early '80's are now grandfathers and grandmothers, and pupils of her classes in recent years are the sons and daughters of boys and girls who studied under her years before, studied the very same Caesar, Cicero, and Virgil, and the same English classics and ancient history.

Thousands in all are the boys and girls who have gone out into the world from the high-school classes taught by Mrs. Richardson, and it is wonderful how she has kept in personal contact with them since they have become business men and women.

"Of all these boys who have gone out into the world, I know of only one, just one, who might be regarded as a failure," she remarked. "And most of them have achieved success right here in the old home town. Many of them have become heads of big business establishments, and prominent men of affairs, right here in Hutchinson."

At the age of eighty-two, Mrs. Richardson retired last year from active work, although she will be retained as one of the substitute teachers and has no intention of completely quitting school work.

It was really sixty-two years ago that Mrs. Richardson began her career as an educator. She graduated in 1860 from school at Springfield, Ohio, and began teaching in the Hillsboro, Ohio, female college. Then the Civil War came along and interrupted, for Doctor Matthews, the president, was a Southerner, and he left for the South. Later she taught in the female college at Springfield, Ohio, and afterward, in the early seventies, went to Kansas.

ON BEING ENTERTAINING.

Most people would like to be thought entertaining, but, since they are not remarkable for their flow of spirits or quickness of wit or gift of narrative, they feel that there is no possibility of gaining such a reputation. Their conversation, as they admit, tends to be humdrum and commonplace. Yet they have always available two topics to which, if they will, they can give individual treatment—themselves and their friends. The idea that to talk about yourself is boring and in bad taste is so widely current that many persons don't talk about themselves enough, and their conversation is colorless in consequence. Some of the best talkers are people who rarely discourse on anything but their own personal experiences, observations and points of view. And, in caution it must be added, some of the most tiresome talkers are to be found among those who confine themselves to similar subjects of conversation.

But talking about other people is dangerous, we have been told; a man is so easily tempted to spread idle gossip and to repeat stories of a deprecatory character. That is one of the easiest ways of making interesting conversation. But no one whose conversation is mainly of that sort is regarded as interesting for long; to acquire a reputation for sharpness of tongue is to lose a good many opportunities for pleasant social intercourse. The people who are always welcome, who are always entertaining to friends and acquaintances, are those who take a kindly, hearty, good-humored view both of themselves and of other people—whose talk about themselves is free from egotism and whose talk about others is without malice.

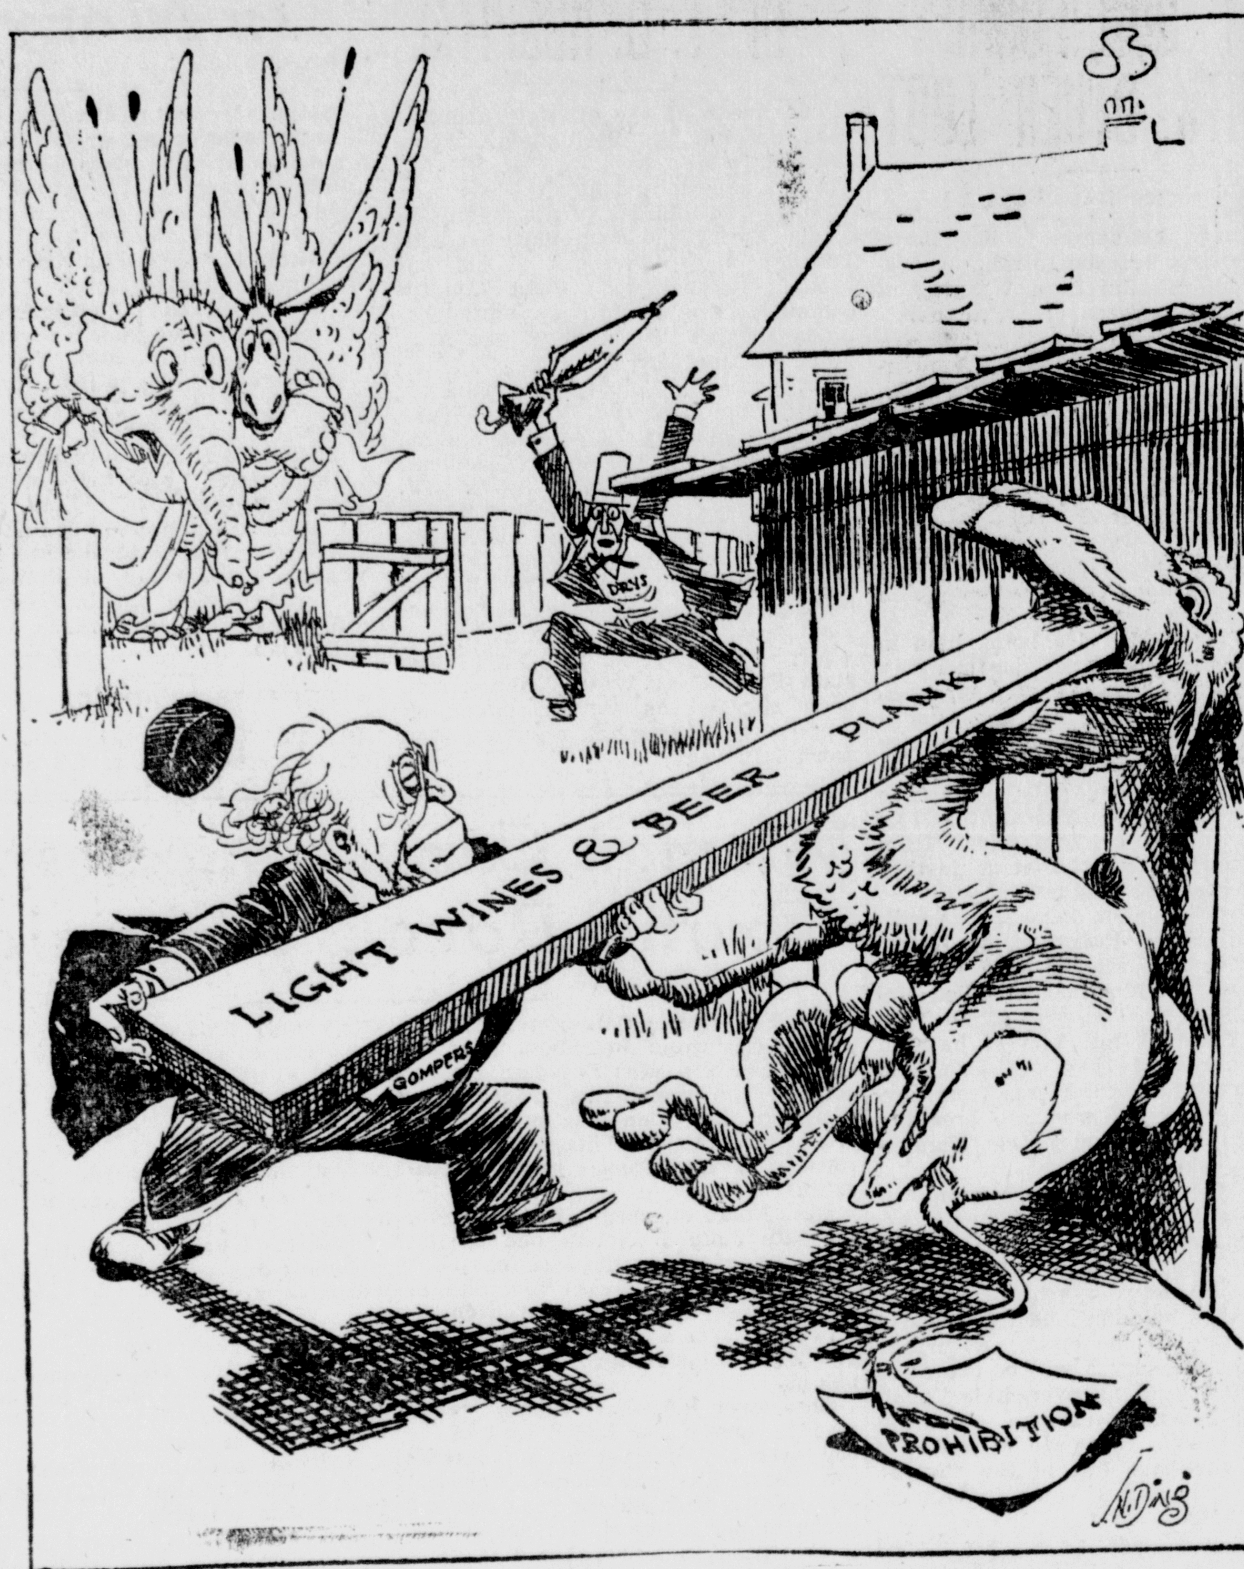

NEW FASHIONED TOWN MEETING.

A new sort of town meeting is in vogue in the rural districts of Ohio. Under the auspices of the agricultural extension offices of the state university, 1,000 towns will hold meetings this winter to discuss local needs and to make a program for meeting them. The county agricultural agents participate in the discussion, but responsibility for the projects undertaken is assigned to local leaders.

One such town meeting a year ago resulted in a variety of improvements for the community. Its people pledged themselves to cull loafing hens from 25 flocks, to introduce soy beans for soil-building on 20 acres of land, to improve homesteads with electric lighting and running water, and so on. Every one of the projects was carried out, and in each case the promised quota was exceeded. That township has set itself forward by a big progressive stride, and is ready to advance still further this year.

It is a town-meeting idea which need not be confined to farm projects. There are communities in which such meetings could do the local school, church, sanitation and public health conditions much good.

WHERE ANGELS FEAR TO TREAD

1903--Twenty Years Ago--1923

It is said that the coal dock, recently erected by the Pan Handle is to be extended westward and the facilities for coaling here greatly improved. Arrangements are being made for placing arc lights on the new dock, the night crews having found it dangerous work taking coal up on the chute at night. It is said that several more improvements are being planned for this city by the Pan Handle, a new round house being mentioned as being on the list.

The circulation of the Xenia Daily Gazette is now above 2,200 having risen over 500 in the past

eight months. This with a similar circulation for the Semi-weekly, the Gazette constituency consists absolutely of over 22,000 readers.

A new enterprise for this city is the manufacture of a display rack by the Standard Manufacturing company of this city. The rack is for the display of lace curtains, rugs and other articles in stores, orders having been received from all parts of Europe, Australia and South America. The firm has not yet manufactured any of the goods in this city but arrangements are now being made for turning them out in Xenia.

HOW TO POWDER

It seems foolish to talk about "How to powder." But really a great many young girls don't know the art of using powder—which is essentially to use a little very fine powder once a day on the body and now and then on the face.

A pure talcum, delicately scented, is a delight to use and is good for the skin. If a little is dusted in the arm pits every morning after the bath, and over the chest and shoulders, it will make you feel much fresher and more attractive to yourself. A little face powder, applied with a washable wool pad rather than the unsanitary, extravagant feather "puff" will take the gloss from the nose and chin and need not be renewed

until you wash and dress again at the end of the day, unless your work take you into hot moist air or into dusty streets. In that case, the face will become shiny again, and a compact powder box will be a boon.

When you are dressing for the evening, if you wear a low cut frock, be sure you powder the back of the neck and the shoulders liberally with a very good talcum. There is nothing less pleasant than a pearly tinted complexion in front, that becomes brown and coarse pored in back!

About powders themselves, if you can afford it, a good talcum is most pleasant to use after the bath, especially if you like to sprinkle it liberally over your skin for it is cooling and soothing. But a very good substitute is a fine white cornstarch such as is used for cooking, scented with real flower petals or mixed with a little sachet powder. And for the face plain rice powder, unscented or very delicately perfumed, flesh for pale faces of blondes, Rachel for brunettes who are not sallow, Blanch for the too rosy cheeked girl.

Miss V. T. C.—If you have been troubled for years with constipation you will of course have red pimples and pimples all over the skin. Any kind of yeast such as is used for baking will help you, or, if you do not like this, one large tablespoonful of white mineral oil taken every night will also be valuable. Drink plenty of water and eat lightly.

Helen H.—Your druggist will make up the cold cream formula for you if you wish, but I assure you it is quite easy to do at home. You can have any perfumed oil used that you desire if you substitute the same quantity of it for the perfumed oil called for in the formula.

INDUSTRY PAYS.

By industry we thrive; so let us look alive, and work six days a week; we should be cutting grass, the golden moments pass, they're going like a streak. I used to bask and dream of music and ice cream, of islands far away; I dreamed of idle things, of cabbages and kings, while neighbors put up hay. No wolves were at their doors, and at the village stores their credit stacked up high, while I must dig the price of prunes or shredded rice or anything I'd buy. Collectors eagle-eyed were ever at my side, with bills that long were due; the merchants whom I owed pursued me up the road, a fierce, excited crew. And then I saw at last the errors of my past; I girded up my loins, and said, "I'll dream no more, but do the useful chore, and earn twelve brands of coins." From dreams that wasted time, from sloth that was a crime, I rose, a figure grand; I shooed old things away, and now, throughout the day, you see me pounding sand. I have a tranquil mind, and when I look behind I have no craven fear that constables with writs and bailiffs throwing fits are swiftly drawing near. I work and pay my bills, and when I climb the hills no creditors pursue; but every merchant prince look sweetly on me since I took up methods new.

Today's Talk

The Highest Art. We hear so much of art. But what is art? And what is the highest kind of art?

Lafcadio Hearn says that "unselfishness ought to be the real test of the very highest kind of art." Why do I stoop and fondle and smell the velvet faces of my pet pansies during the summer time? Why do I look into the colors of the sunset and feel natural thrills, like streaks of electric threads, light up my brain?

Why do I understand the song of the creek, and stand for hours listening to the joy of some golden bird as its little throat trembles and bubbles with happy song?

Are we not all—to greater or lesser extent—worshippers of the highest art when we do these things?

Do we not come away from such experiences richer in heart and with a feeling of kindness toward others that we did not feel before?

I watched an actor the other evening. It seemed to me that from beginning to end, in his part, he did not utter one false note. He was so much the actor that he was almost all art. Is not this art, then, some touching of all that we are into all that has ever been?

And when we have done this thing extremely well—better than we have ever done it before, with no thought of selfish gain—have we not played upon the harp of the highest art?

Has not someone written that what this old world needs is just the "art of being kind?" And isn't he, also, fulfilling the highest art who appreciates?

Strikes at Seat of Indigestion

Dr. Jackson's Digestive and Liver Powder Quick in Relief. Free Sample Sent on Request.

Usually the first dose banishes attacks of acute indigestion because it is a powder and immediately dissolved in the stomach and rendered ready for action. In ordinary cases of indigestion, such as palpitation of the heart, heartburn, sour stomach, gas, bloating and similar evils, a single dose often brings relief. At most drug stores 60c and \$1.00. If not satisfied with results after using the first box, your money will be cheerfully refunded. Write today to Jackson Medicine Co., Zanesville, O., for free sample.

SLEEP WALKER KILLED.

Cincinnati, Jan. 24.—While walking in her sleep, Mrs. Louise Betz, 52, fell through an open cellar door, sustaining a fracture of the skull, which caused her death at a hospital here. Mrs. Betz lived in Norwood.

The Best Way

THE BEST
To get strong and to keep well is to help Nature rebuild and repair the wear and tear upon body cells. Food is not always sufficiently digested or properly used. The best medicine is that which builds up, not merely braces up. This is why Father John's Medicine secures results, which have caused its steadily increasing use for over sixty-seven years. It contains neither alcohol nor drugs. It supplies one of Nature's great food-medicines which can be easily digested and effectively used. Get a bottle today. It is a builder, not a mere bracer.

ANOTHER XENIA CASE

Just another report of a case in Xenia. Another typical case. Kidney ailments relieved in Xenia with Doan's Kidney Pills.

E. L. Richards, prop. barber shop, 514 W. Second St., Xenia, says: "A short time ago I began using Doan's Kidney Pills to relieve me of the terrible misery in my back. My back was sore and ached constantly and there seemed to be a heavy throbbing through it. Mornings my back and shoulders were so lame and stiff I could hardly get out of bed. When I stooped over I had sharp pains through my back. My kidneys were irregular in action and at night I had to get up several times to pass the kidney secretions, which were scalding and highly colored. Doan's Kidney Pills were highly recommended so I got some. Several boxes relieved me of those sharp pains in my back and my kidneys became normal."

PASTOR WHO BAPTIZED DOG HOLDS CHURCH

Rev. Edwin Curtis and wife.

Three years ago Rev. Edwin Curtis, a quiet spoken, cultured minister, went to Brookline, Mass., from England and was given the pastorate of a Brookline church. Then he defied what he termed as "insignificant minority" of his church, and for three years there has been a battle on

in the congregation, during which ecclesiastical and court efforts have been made to oust him. He was brought up on charges that he baptized a dog, and asked a blessing on French fried potatoes. The Court, however, has upheld him, and he retains his pastorate of the First Presbyterian church in Brookline.

Ohio Federation of Women's Clubs

By Mrs. George Elliott McCormick.

Back home again from Washington where she attended a meeting of the board of directors of the General Federation of Women's Clubs in the large drawing room of General Federation headquarters at No. 1734 N. street, northwest, Mrs. Cornelius S. Selover, Cleveland, Ohio Federation president, General Federation director for Ohio and member of the General Federation headquarters committee, is enthusiastic over the much needed national federated club home. She had hoped to pay one-third of Ohio's pledge, but as only \$2,000 had been paid in this was impossible. The sum of \$3,333 was necessary for a third.

"The need for funds now is urgent owing to the expense of remodeling, furnishing and installation of elevator and heating plant," Mrs. Selover declares. "Ohio clubs that have not yet paid will please send their money to the treasurer, Mrs. Allen Marshall, Piqua, Ohio, so that another payment on our first installment can be made by March 15 if possible. In addition to the individual pledges of state federations, the General Federation board decided that hereafter any rooms furnished by a state as a memorial must be paid, also. Mrs. Selover points out in an interesting report of the General board meeting, "Before the biennial convention in Chautauque, Penn., was given permission to furnish a room," she says, "in honor of Mrs. Ames, the mother of Mrs. Thomas G. Winters, of Minneapolis, General Federation president, and Massachusetts one in honor of Julia Ward Howe."

"The final opening of the headquarters was held Thursday evening, Jan. 11, when a formal reception was

conducted for official Washington. Many congressmen and their wives were present.

"Friday evening, a reception to all club women and their husbands living in or round about Washington was conducted. The reports of chairmen showed great interest in the work of the federation. Organization of Junior Clubs was strongly urged, also county organizations. Junior clubs in Ohio are asked to send their names to Mrs. Kenneth R. Taylor, Sheridan road, South Euclid, Ohio.

She is state chairman of Junior memberships.

"When we consider that there are 50 states, including Alaska and the District of Columbia, in the General Federation, Ohio is indeed fortunate to have so many places of honor in the General Federation," Mrs. Selover observes.

Among Buckeye club women high in the councils of the national organization are Mrs. Prentice E. Reed, of Toledo, former president of the Ohio Federation and now chairman of the General Federation committee on public health nursing; Mrs. Edith McClure Patterson, Dayton, chairman of the committee on house budgets; Miss Genevieve Cline, Cleveland, second vice president of the committee on legislation; Mrs. John MacKee, Springfield, war memorials; Mrs. Cornelius S. Selover, Cleveland, Ohio Federation head and General Federation director, member of the General Federation headquarters committee chairman of committee on standardization of state constitutions, vice chairman of Junior memberships and member of committee to formulate plans for club institutes.

The need of a better understanding of club methods and ethics by club women is apparent to many club women. This need was recognized at the General board meeting which decided to create a committee to formulate plans for club institutes for the benefit of clubs all over the United States. Organization work often is handicapped by the frequent changes of committee members in clubs, many of whom are not experienced.

Mrs. Selover reports that the majority of the General board members remained over in Washington for a day to attend the Industrial conference called by Miss Mary Anderson of the women's bureau, United States Department of Labor. President Harding received the board on Thursday, after which a tour of the different departments of government of special interest to club women was made.

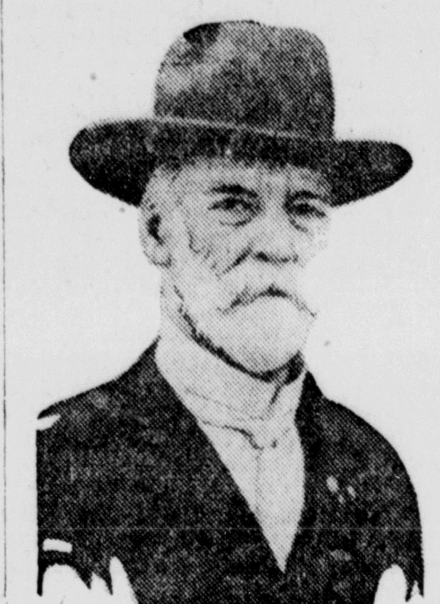

MELLON RULES ON STOCK DIVIDEND

Washington, Jan. 22.—Declaration of a stock dividend does not indicate that the corporation involved has "accumulated gains of profits beyond the reasonable needs of the business," as prohibited by law, Secretary of the Treasury Mellon declared

this afternoon in a letter to the senate.

Replying to a senate resolution sponsored by Senator Brookhart, Republican of Iowa, Mellon announced that the punitive provisions of the revenue act had not been invoked against any of the 328 corporations which the federal trade commission charged with releasing their surpluses through stock dividends in 1922.

FREIGHT INCREASE IN COUNTRY SHOWN

Washington, Jan. 24.—As an evidence of the prosperity existing throughout the country the railroads loaded 873,251 cars with revenue freight during the week ending Jan. 13, establishing a new high record for this period of the year, the Ameri-

can Railway Association announced today.

The total for the week exceeded by 102,938 cars, or 13.4 per cent the previous week, and was an increase of 139,660 cars, or 22.3 per cent over the corresponding week last year.

In establishing the new high mark new records for this time of year were made in the loading of merchandise and miscellaneous freight which includes manufactured goods, considered one of the best indications of business conditions obtainable. Coal, grain, livestock, and other commodities reflected great increases.

DEMONSTRATION OF KLAN DRAWS FIRE FROM OHIO MAYOR

Lima, Jan. 24.—Masked law will not be allowed to rear its head in Harrod. This is the dictum voiced by Kirby White, mayor of Harrod, who is conducting an investigation of the demonstration staged recently on the Ridge road, a half mile north of Harrod by a band of men who proclaimed to Allen County residents a message on the "flaming cross" and white robed law.

Farm folk, numbering several hundred, watched from nearby fields as the band performed the white robed ritual, set fire to an improvised cross of wood, which was wrapped in oil soaked burlap, and then hung the emblem of masked law in a tree a short distance from the home of Charles Smith, farmer. A rocket shot into the night sky was the parting emblem.

Mayor White collected Ku Klux Klan literature at the scene of the demonstration, it is claimed, including copies of the "Searchlight" or-

BOOKKEEPER FALLS HEIR TO FORTUNE

"Upon the death of an uncle I inherited \$50,000. I gave up my position and intended enjoying myself when I was stricken with a severe case of stomach trouble and colic attacks. Two of these attacks made me lose consciousness. After treating with our best doctors with little benefit, I decided to try May's Wonderful Remedy, and it helped me at once. I have been entirely well for past year." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

ROY HAYWARD BUYS CIGAR STORE ON E. MAIN ST. TUESDAY

Roy C. Hayward, former city auditor of Xenia, became the new owner of "The Smoker," East Main street cigar store, through a deal completed Tuesday afternoon.

The store was purchased from William Eyer, who has operated it for some time, but who, with Mrs. Eyer, expects to leave soon for California to spend the rest of the winter. The new owner assumed possession of the property at once.

Mr. Hayward was formerly a partner with C. F. Taylor in the operation of the Arcade billiard hall, now located on South Detroit street. Selling his interest in that business he was appointed City Auditor by Xenia's first commission and held that position under former City Manager Kenyon Riddle.

Resigning his position with the city Mr. Hayward was later connected with the Greene County Lumber Co., and has recently been connected with the Dayton branch of the Norwood Sash and Door Company. He resigned his position with that concern to take effect at once in order to assume the direct management of the business he purchased.

The East Main street stand was first opened as the local retail branch of the Mulien-Jenkins Tobacco Co., a jobbing house, and was purchased by Mr. Eyer more than a year ago, and has since continued to operate it. Earl Collier who has been employed at the store will continue in the employ of the new owner.

Mrs. Elizabeth Johnson, of Dayton, has been the guest of Mr. and Mrs. Frank Weaver, of the Wilmington pike.

Mrs. Mina Oglesbee left Wednesday, for Coronado, Fla., to spend three months.

Miss Gertrude Jack, of Rodgers Street, is improving after an attack of the grip.

William, the son of Mr. and Mrs. Roy Harris, of Hill Street, underwent an operation for the removal of tonsils and adenoid growths at the office of Drs. Madden and Shields Tuesday, January 18.

Mr. Edward Marshall, of Cincinnati, former Xenian, was taken to a hospital at Cincinnati recently to undergo treatment for a sudden attack of intestinal trouble, but has recovered.

Mr. and Mrs. T. C. Long moved Wednesday from their residence on East Market Street, to their new home on East Church Street, which was recently completed.

John Lewis, the son of Mr. and Mrs. W. E. Lewis, of Sabina, was operated on at the office of Drs. Madden and Shields Tuesday for the removal of his tonsils.

Dr. D. E. Spahr of North Detroit Street, is confined to his home with an attack of grip.

Mrs. R. G. Henley and son, R. G. Henley, Jr., have returned to their home in Portsmouth, Ohio, after a two weeks' visit at the home of Mr. and Mrs. J. J. Stout on Hill Street.

Mrs. Oscar Sims, and daughter, Mrs. Nelle Brookbanks, of Cincinnati are the guests of Mr. and Mrs. Geo. M. Stiles of Cincinnati Avenue.

Mrs. W. C. Strine, of Springfield, underwent an operation in this city Tuesday at the office of Drs. Madden and Shields for the removal of tonsils.

Mr. J. F. Harshman, Federal appraiser of the First Joint Stock Land Bank, at Dayton, has gone to Northern Indiana, and Cleveland, in the interests of the bank.

Mr. and Mrs. C. C. Brickel, of West Market Street, are moving to the Frank Fisher Apartments at Galloway and Church Streets.

NO CHAINS—TWO BANDITS CAUGHT

Newark, O., Jan. 24.—Two masked men held up the Reinhold Filling station at the southern edge of town last night and robbed the cash register of forty-one dollars and made a temporary getaway in their automobile, which they had purchased on the installment plan.

The absence of chains, necessary on the icy roadway, made their capture comparatively easy. At a point five miles south of town and they were brought back here and locked in jail.

Styles BY LENORE

A word about the hat, which is too charming to overlook. Verlaine, a leading French milliner, has introduced it, and it is said that her revival of the poke may have a strong influence on the millinery fashions this year. Designed for mid-season wear, this model is made of pure velvet, with a semi-brim of Georgette.

A novel feather ornament is used for trimming.

Entirely in harmony with the youthfulness of the wearer is the blue serge frock with its dull gold embroidery, delicately stitched. Both the sleeves and the neck are individual in treatment. In the skirt, all the fullness is concentrated in gathers on the hips, the back and front remaining flat, the silhouette straight.

MR. HARLEY EGGLESTON, COLUMBUS, OHIO.

Old-Time Employee of Hartman Hotel Tells of His Experience With Ka-di-ok.

Mr. Harley Eggleston, a well-known Columbus man, an employee of the old Hartman Hotel for several years, and now employed by the state as watchman and caretaker of the property, since it was taken over by the Industrial Commission, is another gratified user of Ka-di-ok. He says: "My health has always been fairly good, but for the past few months I did not feel quite right. My nerves were all on edge; I had scarcely any appetite at all, and was very restless at night and failed to sleep when I went to bed. I felt weak and worn-out. I realized I needed a tonic and nerve remedy to strengthen my nerves and build up my system. Ka-di-ok had been highly recommended to me and I started taking it. I am pleased to state that it has helped me a great deal. I have overcome my nervous trouble, sleep well and have a fine appetite. I feel perfectly fit and well now and am glad to tell what I know about it. Ka-di-ok is a real good tonic and nerve medicine. Ka-di-ok can be obtained at Sayre & Hemphill's Drug Store, Xenia.

ADDRESSES WILL MARK MEETING OF LOCAL W. C. T. U.

An interesting program has been arranged by the committee for the all-day joint meeting of the A. C. Turrell and Xenia W. C. T. U. organizations which will be held at the home of Mrs. D. S. Ervin, 243 North King Street, Friday.

The program will begin at ten o'clock in the morning, when devotional in charge of Mrs. C. L. Spencer will open the meeting. Mrs. M. R. Snodgrass will speak on "Public Health," next followed by an address by Mrs. Alta Lewis, president of the Clinton County W. C. T. U. A round table discussion will be held before the noon adjournment.

The afternoon program will begin promptly at one o'clock with devotionals led by Mrs. A. J. Furstenberg. Law enforcement and juvenile work will be the subject of an address by Probate Judge J. Carl Marshall. Mrs. J. H. Banbow will speak on parent-teacher problems and Miss Mary Solters, Dayton policeman's wife, will address the gathering on her work. Miss Mary Ervin's talk on work with children will conclude the regular program.

Mrs. Raymond Wolf will be in charge of music for the day. Members are not only urged to be present but are asked to bring one or more guests with them. Members will take a covered dish and sandwiches for the noon meal.

Cotton Damask is used for tablecloths and dollies, but in buying it the housewife should understand that after a few washings it will have a fuzzy surface—although when bought it has the same appearance as linen damask. When sold, it has a mercerization which soon wears off, as the cotton fibre is short and the ends of the fibres can't be held in place like the ends of the linen fibres. The result is that the short cotton fibre will not take a good polish with a hot iron.

Velveteen is an imitation of velvet but is made wholly of cotton. Sheeting, if good, will have round, firm threads closely packed together with the warp and filling threads equally balanced. Very little sizing is used on a good quality of sheeting—so make sure that the sheeting you buy is not full of sizing. Unbleached sheeting will give better wear than the bleached, because fewer chemicals are used in finishing it. As it will become white in time, after many washings, and a few nights on the line (for night air bleaches) it is equally as desirable as the white.

Chapters From A Woman's Life

BY JANE PHELPS

DOREEN LEFT ALONE. CHAPTER EIGHTY-SIX.

"Are you at liberty tonight?" Mrs. Page, asked Walter at dinner.

"Yes, Mater. Why?"

"Not tired?" she asked.

"Not now, cook outdid herself tonight. After such a dinner I should be ashamed to confess I was tired. When I get my smoke I shall feel like a fightingcock."

"Then you'll take me to a lecture?"

I glanced slyly at Walter. He kept his face straight but I saw, by his eyes, trying to catch mine, that he was wishing me to help him; that he did not want to go. I refused to understand and he replied:

"All right! I expect I'll go to sleep unless it is very interesting, I have eaten so heartily."

"I'll forgive you if you do, so long as you take me."

"I wondered why she didn't ask me to go along. I would be left alone, but she said nothing more, and I wouldn't propose it myself, although I thought it queer she hadn't said anything about it. Jack was asleep, and both Jennie and Mary were to be in all the evening."

Mrs. Page was the kind of woman who took all service given her for granted, as if it were a pleasure to those rendering it. So she smiled placidly at Walter and told him to get his smoke at once as they would need to leave in half an hour.

"Shall I dress?" Walter asked.

"Certainly," she replied as she retired to her room, so escaping the sight of the little grimace Walter made at her reply.

But he dutifully dressed, smoking as he did so, and when she came out all dressed even to hat and gloves he was also ready.

I watched them leave, chatting together, and a feeling of neglect and loneliness gripped me. I had asked no questions; did not know where they were going, who was to lecture. Mrs. Page had volunteered no information and I was too proud to ask it.

I got a book and sat down to read.

But the house was so still, my thoughts so disturbing, I could not put my mind upon the story, although it was a book I had been anxious to read, because Claire Gordon had recommended it highly.

The ringing of the telephone startled me, so I jumped. I looked at the clock, it was after ten, I must have dropped off to sleep.

A man's voice asked for Walter, and when I said he was not at home, he hung up at once, not giving me time to ask for a message.

Now I was thoroughly awake, and went into the dining room to get a drink of water. The servants had gone to their rooms on the top of the house. Mary, Mrs. Page's maid, was out.

I returned to the sitting room and picked up my book, and soon was engrossed in the story. Suddenly I heard a faint sound, I lifted my head and listened, but it wasn't repeated. I concluded I had been mistaken and went on reading.

There it was again! This time I tip-toed into Jack's room, thinking he might be uneasy, awake, but he was sleeping soundly. My imagination was playing me tricks, I decided as I resumed my seat, but this time to sit listening.

Once more I heard the stealthy sound. This time I was sure it was not my imagination. Someone was in the house, a burglar, perhaps.

I thought of all I had heard and read of what to do under such circumstances—to keep quiet and they wouldn't harm one. The telephone was in the hall or I should have attempted to use it. The sitting still, straining to hear, was almost more than I could bear. I wanted to scream.

I had left the sitting room door open, the room was blazing with light, but the hall was dark. I could be seen without seeing. I remembered, too, that I had left the dining room door open when I went for a drink. It was from there the noise seemed to come.

If only Walter and his mother would come. It certainly must be time for them. I glanced at the clock, nearly half past ten, but it had been only a few moments, instead of the hours they seemed, since I had heard the telephone and had looked at Jack.

I heard the noise again. A sort of faintness seemed to be creeping over me. I must not faint! Jack and I were alone in the apartment.

Tomorrow—A Real Burglar In The House.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. It is easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

MINERS AND OPERATORS
AGREE ON WAGE SCALE
IN CENTRAL COAL FIELD

Bituminous Workers and Owners Ratify Agreement
Submitted By the Sub-Committee of Seventeen
On Wednesday

New York, Jan. 24.—Bituminous coal miners and operators of the central competitive field today ratified the wage scale agreement submitted by the sub-committee of seventeen. The new agreement, succeeding the Cleveland pact, is effective from April 1.

The new agreement is identical with the Cleveland pact and extends the time of its effectiveness for a year. The miners wished a two year contract on the same wage scale and working conditions.

The bituminous fields of Indiana, Ohio, and Illinois were represented at the conference.

Copies of the resolution renewing the settlement agreement were directed to be sent to President Harding, Attorney General Daugherty and John Hays Hammond, chairman of the U. S. coal commission.

Provision was made for a meeting of the joint sub-committee of operators and miners not later than Jan. 8, 1924, to plan an interstate conference to draft an agreement to succeed the present one.

Reference was made in the resolution to Hammond's telegram of Jan. 4 to the conference at Chicago expressing the hope that an agreement would be reached.

After the joint meeting the policy committee of the United Mine Workers of America met to consider routine business.

Turks Refuse to Refer
Dispute to World
League

Lausanne, Switzerland, Jan. 24.—A serious situation has developed in the near east conference.

Turkey refused to accept the British proposal to refer the Mosul dispute to the league of nations for settlement, and Great Britain declined to accede to Turkish counter suggestions that the question be settled by a plebiscite in the contested district.

Lord Curzon then declared that as foreign secretary of the British empire he would take the responsibility of addressing a letter to the council of the league of nations setting forth that a situation had arisen which was likely to disturb international peace and asking that the matter be dealt with under the covenant, which provides that the league can act when there is war or any threat of war in the world, and take steps to restore or insure the maintenance of peace.

An important American feature of the dramatic meeting was a statement read by Ambassador Child, outlining the position of the United States. Mr. Child said that Lord Curzon had clearly indicated that the British government would hold aloof as far as possible from making concessions in Mesopotamia, and he had declared his belief in the principle that large factors in the world's resources should not become the subject of monopolistic development.

The conference will continue its labors, and the Turks later will be presented with the draft treaty, in which, according to the British, there will be a clause providing that the Mosul question be submitted to the league. Unless the Turks change their mind, this will be sufficient for them to refuse to sign the treaty. Then, as Lord Curzon said, there may be a renewal of war in the near east.

The Turks asserted that the British could never go before the world as breaking up the near eastern conference over the question of oil, for then the world would deem oil to be the real cause of the break.

The building contained a number of the Mosse Publications of which the newspaper Tageblatt was one.

DENVER MINT BANDIT IS SLAIN

This photograph shows a man believed to have been J. S. Sloan, leader of the sensational \$200,000 hold-up of the Denver (Colorado) Mint, in which a mint guard was murdered, after firing a number of shots into the bandits' automobile. The body was found in an automobile in a locked garage in Denver. The photograph also shows the guns and the car in which the slain man was found. He is believed to have been killed by one of the shots fired by the guard and to have been left there by his accomplices.

AUTHORITIES TO TEST
GUNS FOR EVIDENCE

Local Officials Will Determine if Revolvers Alleged to Have Been Found at Vandervoort's Home Were Used to Kill Policemen.

Further evidence against Louis Vandervoort, 20, who is being held in the Clinton County Jail, charged with the murder of Patrolman Emery McCraight of Wilmington last February 15 may be obtained in a test of the gun which he is alleged to have used, according to officials here, Wednesday.

This evidence will hinge upon tests expected to be made Wednesday afternoon by Sheriff Morris Sharp, Deputy Baughn and Prosecuting Attorney J. Kenneth Williamson. The tests will be made officials say, to attempt to link the slaying of Patrolman Elvas Matthews of this city in December to him. If the spent cartridges correspond with the shells picked up near the scene of the murder, authorities believe they will have welded another link in the chain of evidence against the youth.

Two automatic pistols will be used in the test. They were unearthed by Sheriff Sharp Tuesday night at Washington C. H., and it is said, were taken from the mass of loot originally uncovered at the Vandervoort home and taken to that city when Vandervoort was charged originally with burglary and larceny. They are of .32 calibre size. Shells corresponding in calibre and identical description with spent bullets and empty shells picked up at the scene of the murder of Patrolman Matthews have been obtained by Sheriff Sharp. They match in every detail, authorities say which are being held by Chief of Police M. E. Graham of this city since being picked up at the scene of the Matthews murder. A quantity of the cartridges was found with the two automatics in the loot held at Washington C. H., according to authorities.

Authorities say that the plunger on the hammer of the automatic that killed Matthews did not strike the cap of the cartridge. In the center. Each empty shell showed that the cap was struck at a little to one side. Sheriff Sharp, Deputy Baughn and Prosecutor Williamson, were preparing Wednesday afternoon to go into the country and fire some of the cartridges in each of the pistols. They will seek through this peculiarity in the firing of one of the pistols, to determine if either is the gun wielded when the Xenia policeman was killed.

Authorities think that if they can find the gun with which Matthews was killed that they will also have the pistol with which the Wilmington shooting was done.

In the meantime, Vandervoort, formally charged with the first degree murder of Patrolman Emery McCraight and also accused of the murder of Matthews remained adamant in his cell in the Clinton County Jail. Efforts of authorities so far to break down his story of innocence have been unavailing, although they say they have used sworn and signed statements of the other three youths held.

Vandervoort and his cousin, Walter Baughn, 18, of Port William, who is also charged with the murder of McCraight based on his own alleged confession that he was with Vandervoort when the latter is alleged to have shot the policeman, will be arraigned before Justice of the Peace W. I. Stewart in Wilmington, Saturday, on a formal first degree murder charge. To take no chances with the possibility of a dash for liberty, the squire will be taken to the jail to arraign both of the accused boys in their cells instead of bringing them to the Magistrate's court.

Archie Glass, 21, and Frank Moorhead, 20, both of Jamestown, will be arraigned on charges of burglary and larceny, growing out of their alleged admissions that they were with Vandervoort when he is said to have broken the plate glass window of the Syndicate store in Wilmington and escaped with several hundred dollars worth of loot.

STOP BOOZE LEAK
INTO WASHINGTON
DRY AGENTS CLAIM

Fine Whiskeys and Champagnes Pouring Into Capital is Charge

Washington, Jan. 24.—One of the "leaks" through which great quantities of fine whiskey and champagnes have been poured into thirsty Washington has been stopped, prohibition officials said today, by the arrest of John J. Lynch, 25, and his subsequent confession that he obtained his supplies through the Cuban legation.

Lynch made an affidavit, according to police, in which he disclosed a number of servants at the legation. A search of his apartment disclosed a considerable stock of Scotch, rye, and champagne and a client list of 100 names, the names of many persons prominent in business and social life of the capital. The names were withheld.

Every embassy and legation in Washington is permitted to bring liquor into Washington under diplomatic immunity. According to the prohibition authorities at the Cuban legation supplied Lynch with liquor thus brought in and he disposed of it to wealthy patrons for gay entertainments.

It is probable the state department will be appealed to by the prohibition authorities to make representations to the Cuban legation in the matter and also to "tighten up" on diplomatic permits.

MEDIATION MAY BE
TRIED IT IS SAID

Washington, Jan. 24.—Ambassador George Harvey is en route to London to lay before the British cabinet the views of his government regarding all phases of the present situation in Europe, and to determine whether or not it is possible for Great Britain and America to unite upon a plan of action to meet conditions which are growing graver each day. It is learned here that if the British and the American governments find it practicable to make a joint effort after the conferences which Colonel Harvey will have with the British prime minister and the British foreign secretary, it is probable that mediation of some character may be attempted within the next two or three weeks. Also it is entirely possible, it was stated, that Italy may go along with Great Britain and the United States in any plan that may be agreed upon.

BITTER WRANGLE
PRECEDES VOTE
OVER EXEMPTION

House Against Further
Issuance of Tax Exempt
Bonds

Washington, Jan. 24.—The house adopted the Green resolution proposing an amendment to the constitution which would prohibit further issuance of tax exempt securities.

The proposal, which had been urged by President Harding and Secretary Mellon, was put through after an unusually bitter wrangle by a margin of seven votes. Passage of the resolution required a two-thirds vote, and the roll call stood 223 to 101.

Republicans opposing it and Democrats supporting it, it split about even, 23 Democrats joining administration leaders, while 24 Republicans broke away from party lines and voted against it. The measure now goes to the senate.

Amendments were offered by the score, but they were knocked out with little ceremony, after a half hour fight over the improper use of a couple of commas in the text of the resolution.

Representative Green of Iowa, ranking Republican on the ways and means committee, who drafted the proposal, and Representative Garner of Texas, ranking Democratic committeeman, took charge of the fight for the two sides. The arguments swung around the oft repeated statements that the measure was designed to prevent the rich man seeking a tax free haven, and that it was an invasion of the right of the states to control their own credit.

The principal fight was over Mr. Garner's amendment, which he explained was designed to prevent the levying of a prohibitive tax on state bonds or the imposition of a higher tax on income from state bonds than that levied on income from other sources. Without discussion, the house refused to exempt federal farm loan and joint stock land bank bonds.

Want Support of Law Providing for Extra Tax Levy

East Liverpool, O., Jan. 24.—Acting for East Liverpool as well as scores of other Ohio municipalities facing like problems, a delegation of business men headed by J. H. Brookes, president of the Board of Education, and E. S. Donahy, a cousin of Gov. A. V. Donahy, will leave here this afternoon for Columbus to appeal Thursday to the state executive and the Ohio legislature for support of a law to permit an additional tax levy to keep the public schools open until June 1.

This decision was reached in view of the fact that East Liverpool's schools will close March 1 unless financial relief is forthcoming. Plans for a city wide drive Jan. 30-31 for \$50,000 to pay teachers salaries during March, April and May have been held in abeyance, until Feb. 13-14, pending the result of the appeal for legislative aid.

RUM RUNNERS WILL
BE BLOCKED BY U. S.

New York, Jan. 24.—All coast guard stations received order from Washington that, as representatives of the treasury department, they were to assist in the prevention of smuggling. This was the first general order issued by the government since the rum fleet appeared off the Jersey coast nearly two weeks ago.

The order, it was said here, applied as the steamship Scythia arrived in port with the report that she had encountered a veritable armada of shore. Reports received from Highlands, N. J., stated that 15 suspected rum-runners were visible from shore.

According to a coast guard official in this city, the new order will add approximately 3,000 men to prohibition enforcement ranks, in addition to a number of craft adapted for pursuit of rum-runners.

Employes Threaten Action
If Coal Magnates
Punished

Paris, Jan. 24.—The German government is striving to bring about a general strike in the occupied areas of the Rhineland and Ruhr, it was charged by French foreign office officials today. It is claimed that Berlin plans to have the German railway workers lead in the movement.

The French admitted that there is a partial strike throughout the Ruhr coal fields, which is cutting down the production of German coal. They claim that German officials in the Westphalian coal and industrial zones, inspired by Berlin are "showing increasing bad faith."

Essen, Jan. 24.—Thousands of striking German coal miners in the Ruhr returned to work today pending the outcome of the trials of Fritz Thyssen and other coal operators at Mayence. They threatened further trouble if the coal magnates were convicted and punished.

All of the Ruhr is more or less isolated from the balance of Germany and some parts of the occupied areas are nearly cut off entirely owing to interruption of rail and wire communications.

The production of coal and steel products has fallen sharply, owing to strikes and shortage of fuel.

Mayence, Jan. 24.—"I am a German; I know only the German laws and I obey only the German laws," declared Fritz Thyssen, Ruhr coal operator, when arraigned today before a French military tribunal charged with disobedience.

Thyssen made a dramatic address to the court, concluding:

"I will never be a traitor to my fatherland."

Thyssen is the son of August Thyssen, owner of a chain of coal mines and iron and steel mills in the Rhine land and Ruhr. He and five other German mine directors were arrested on Saturday and brought here for trial. They had been ordered to work their mines to full capacity turning over the coal to the French, but refused.

At the opening of the trial there was much wrangling over the competency of the court to try the defendants.

Dr. Grimm, attorney for Thyssen, declared that the military tribunal was without jurisdiction and attacked the whole procedure.

Dr. Grimm's objections were overruled by the president of the court and proceedings continued. Thyssen was the first witness called.

A detachment of French infantry, with bayonets fixed to their rifles, guarded the court where the trials were conducted. M. Badin, the French prosecutor, in outlining the military's case against the defendants asked that fines be imposed.

HOUSE CUSTODIAN
NAMED AT CAUCUS

Columbus, Jan. 24.—Dr. C. A. Robinson of Ironton, sergeant-at-arms of the house of representatives, was chosen custodian of the house at a caucus. Robinson defeated "Jack" Thomas of Columbus, former custodian, by two votes.

Bills raising standards for admission to the bar and permitting trial judges to deny bail to convicted criminals appealing cases were among those passed by the house.

Other measures passed were: Permitting operator of motor vehicle to be sued in the county where the injured person resides or where accident occurs; allowing township highway superintendent, trustees or village street commissioners to furnish teams, equipment and tools for jobs, and permitting township trustees to spend not to exceed \$500 for soldier memorials upon petition of 15 per cent of the electors.

Addition of drastic amendments to the Crabbe prohibition enforcement act was given unanimous approval by the senate, which passed the bill of Senator Bender of Cleveland intended to tighten up the state's liquor laws.

It is estimated that \$200,000 a year will be saved if the legislature passes a bill, introduced by Senator Carpenter, Jefferson county, providing for the abolition of about 17,000 Ohio election judgeships. It reduces the number of election judges in each of the 8,500 precincts of the state from four to two.

PUBLIC INVITED TO MEETING OF P. T. A. THURSDAY EVENING

Parents and patrons of the Xenia City Schools, who have watched the advance of the work of the Federated Parent-Teacher Association in the city since its organization, are being urged to attend the meeting of the Federation, to be held at the McKinley Auditorium Thursday night at 7:30 o'clock, when Paul B. Stetson, superintendent of the Dayton city schools will make an address.

Mr. Stetson's address will concern the advantages of the Federation, and of the individual Parent-Teacher organizations, and is hoped to crystallize the efforts of the Parent-Teacher Association members, in forming a country-wide Federation in Greene County. Parents and school patrons of the entire county are being invited to the meeting, in an effort to arouse enthusiasm in the proposed project.

The program will open with a musical program in charge of V. G. Stebert of Central High School.

FAMOUS AUTOS WIN OVER MIDDLETOWN

The Famous Autos quintet marked up another win Tuesday night by administering a 36 to 26 setback to the Middletown Miamis at Central High 87th.

Famous Autos had the better basket shooters and their defense was also good. This, in a nutshell, explains why the locals are very likely to remain unbeaten for a good while. The Miamis threw a scare into the locals in the first half by hanging right on to the heels of Coach Haller's lads. When the whistle blew ending the initial half the Famous and the Miamis had 17 points apiece. The second half saw the Famous increase their advantage until they secured a fairly comfortable lead. Baskets by Joe Mark and Solimano put the locals out in front.

The visitors did not have much success in locating the net in this period getting four fielders and one foul. The lineup and score:

Xenia (36) Miamis (26)
Scoring—Xenia: Field Goals—Barlow 6, Mark 3, Solimano 3. Fouls—Barlow and Solimano. Scoring—Miamis: Field Goals—Lamb 1, Tobin 7, Wikoff 1, Vandever 1, Sullivan 2. Fouls: Wikoff 2 out of 3. Referee, Jones of U. of D.

By the narrow margin of two points the South Side Merchants nosed out the L. E. John Emeralds and maintained their hold on the leadership in the Municipal League in the preliminary furnished Tuesday night.

The Merchants stepped out in front in the opening half and appar-

ently had iced the game at the close of the period, when the score stood 12 to 7. The Emeralds, however, proved that they had a few words to say on this matter when they came back in the last half, and outplayed the Merchants, cutting down the lead until the teams were tied. Douthett won the game for the Merchants in the last half-minute of play with a long shot that put his team in the lead.

The game was fast and well played, with Reutinger and Douthett starring for the Merchants and Skelly and L. Davis playing best for the Emeralds. The lineup and summary:

Merchants—17 Emeralds—15
Douthett L. F. Gallagher
Baynard R. F. Skelly
Huston C. G. L. Davis
Reutinger L. G. Fuller
Boxwell R. G. P. Davis
Substitutions: Merchants Terrell for Huston, Huston for Terrell, Field Goals: Douthett 3, Baynard 1, Reutinger 2, Boxwell 1, Skelly 2, L. Davis 2, P. Davis 1. Foul Goals: Douthett 3, L. Davis 5.

COMMUNITY PLAYERS PERFORM ON FRIDAY

The coming of the Community Players, a Dayton dramatic organization to the City Hall Theater Friday night, is being looked forward to with considerable interest.

The dramatic organization has been winning much success in its initial stage effort, "The Man From Mexico," a three-act offering that will be submitted to local playgoers on the occasion of the Friday night engagement here.

The Community Players is a new organization in Dayton, composed of a number of men and women of latent dramatic ability, and directed by Miss Grace Stivers, head of the department of elocution at Steele High, Dayton. "The Man From Mexico," is a comedy-drama that is expected to please local audiences.

CONFECTIONERY OPENED HERE NOW

The Quality Sweet Shop, Xenia's newest confectionery, is now open for business in the former location of the Princess Confectionery, Steele Bldg., Main and Detroit Streets.

Furniture and fixtures of the Princess have been purchased by James Make, operator of a confectionery and interested in several others in Dayton, and by a partner, and Make will be the manager of the Xenia store. The confectionery was opened up under the new name Saturday.

The Princess was entangled in financial difficulties when Steve Angell partner with Nick Pappas in the business and manager of the confectionery left the city with \$2,000 of the partnership funds. Immediately a number of claims were set up and the fixtures were turned over to C. S. Ball, Dayton candy manufacturer, who held a first mortgage, and who sold them to the new owners. An auction sale of candy was held at the confectionery Wednesday afternoon to settle claims against the old firm.

MARRIAGE SOLEMNIZED IN JAMESTOWN WEDNESDAY.

The marriage of Miss Grace Stoner, daughter of Mr. and Mrs. J. E. Stoner, of near Jamestown, and Mr. Max Moon, of Jamestown, was solemnized by the Rev. L. L. Gray, pastor of the United Presbyterian Church at Jamestown, at the home of the bride's parents, Wednesday morning at 10:45 o'clock.

The ceremony was performed in the presence of the members of the two immediate families and a few friends. The attendants were Miss Bess Burnett, of Dayton, and Mr. William Warren, of Dayton.

Upon the entrance of the bride party, Miss Macelle Moon, and Mr. Neil Moon, sister and brother of the bridegroom, played a piano and violin accompaniment, the party coming down a circular stair case, into the reception hall, where the vows were read. An improvised altar of banked ferns and carnations formed a pretty setting for the service, the single ring ceremony being solemnized.

The bride, a charming girl, wore for her marriage a becoming gown of blue taffeta, fashioned with ruffles and bouffant skirt. Miss Burnett wore a gown of black satin.

A wedding luncheon was served at the Stoner home at twelve o'clock, covers being laid for sixteen guests. Pink and white were carried out in the appointments, with favors of dainty pink and white nut baskets, and placecards. Pink rose buds formed a center piece for the bride's table, where covers were laid for Mr. and Mrs. Moon, Miss Macelle Moon, Mr. Neil Moon, Miss Bess Burnett, Mr. William Warren, Mr. Samuel Stoner, and Mr. Ross Stoner. The other guests were served in adjoining rooms of the Stoner home.

Mr. and Mrs. Moon left Wednesday afternoon for their honeymoon. Mrs. Moon wearing a traveling outfit, consisting of a coat of navy blue duvelaine, with collar and cuffs of gray fur, navy tricotine dress, and a navy blue hat. Upon their return they will be at home to their friends at 18 Balpre Court, Dayton. Mr. Moon is employed in Dayton, as contractor for the Acme Realty Company. Mrs. Moon before her marriage was assistant cashier at the Farmer's and Trader's Bank at Jamestown, and has many friends in this city and Jamestown who are interested in her marriage.

PLAYMATES ENTERTAINED ON BIRTH ANNIVERSARIES

GUN WIELDER SENT TO PENITENTIARY TO SERVE 1 TO 20 YEARS

Elvia Sullinger, 27, colored, found guilty of shooting with intent to kill by a jury in Common Pleas Court last Friday, was sentenced to serve from one to 20 years in the State Reformatory at Mansfield in Common Pleas Court Wednesday morning.

Ralph Nickens, 20, colored, who was found guilty of assault with intent to rob by a Common Pleas Court jury Tuesday, was also sentenced to the Mansfield Reformatory, to serve a sentence of from one to 15 years. Sullinger was found guilty of shooting Choice Kennedy, Mrs. Kennedy and the latter's mother, Mrs. Grace Roberts, last August. He was indicted by the October Grand Jury. Nickens was found guilty with assaulting John Watkins, colored, of near Wilberforce, January 1. He was indicted by the January Grand Jury three days later and convicted Tuesday for the crime.

William James, 35, colored, an accomplice of Nickens, is still to be tried. He was indicted for the same charge.

IN COLUMBUS FOR SCHOOL PROPOSITION

H. C. Aultman, county superintendent of Schools, Dr. E. C. Ream, of Bowserville, chairman of a citizens committee at that place, and Jack O'Bryant, president of the school board, and of the Parent-Teachers Association, in Jefferson Township went to Columbus, Wednesday, in the interest of the Jefferson Township schools, which will have to be closed unless financial relief is secured, as the result of the failure of the passing of a school levy in the district, at the last election.

According to Superintendent Aultman, he believes there will be relief of the situation, through a new bill which is before the legislature and if this fails a special election will be held. On condition that both fall the county superintendent says he has another plan which if it receives the co-operation of the people will relieve the situation in the schools in Jefferson Township. The school is one of the best in the county and will be considerable disadvantage if closed.

AUTHORITIES TEST OUT GUN FOUND WITH OTHER LOOT

(Continued from Page 1.)

Not only Vandervoort, but Bangham also now refused to talk, according to information from Wilmington Wednesday afternoon. Bangham's alleged confession was the first evidence authorities had that Vandervoort might be connected with the slaying of McCreight. Immediately after his arrest Bangham it is said declared he was with Vandervoort in the attempt to rob the Murphy-Bangham hardware store, and that Vandervoort shot the officer when the latter interrupted him as he was leaving the store room with a quantity of stolen property.

The four youths are being held in different cells in the jail, so that they do not have an opportunity for communication. While all were in a mood for talking, authorities say they obtained signed and sworn statements of their confessions which they believe will be sufficient for conviction without a confession from Vandervoort and without a further statement from Bangham.

Authorities also have the testimony of Alfred Ferguson, of Jamestown, who, it is alleged, said Vandervoort had told him that he killed McCreight but that he was afraid Vandervoort would kill him if he told authorities, and they are also said to have similar statements from several other youths who are breaking long-kept silences now that Vandervoort is behind the bars.

With the alleged confession of Vandervoort that he robbed six different stores in their hands, authorities are now working under the belief that he may have been guilty of many other hold-ups and robberies in this section of the state. A further and complete search will be made for loot that is yet uncovered, but such a search has not been made since the officers found the second cache of loot in the barn loft of the "Forest Home" fruit farm, which is Vandervoort's home.

News of the serious charges placed against Vandervoort shocked Jamestown and vicinity where the lad was well and favorably known. The boy is the son of Mr. and Mrs. P. B. Vandervoort, fruit farm operators, and known to be well-to-do and even many of his friends did not suspect him as guilty of the robberies which he is said to have confessed to or the murders that have been charged to him by his companions. He graduated from Jamestown High School two years ago, and had since been working on the farm every day. He made frequent trips to this city delivering fruit from the farm. At night, according to the stories of his companions, he rode about the country in a Packard touring car committing daring robberies that might have been attributed to a professional crook.

Vandervoort is said to be a relative of Oliver Vandervoort, who killed three people near Cuba, south of Wilmington more than a year ago. The relationship is substantiated, but is very distant, the family name not being spelled the same.

HIGH SCHOOL IS CLOSED BECAUSE OF GRIP EPIDEMIC

With one-fourth of the enrollment out of school due to sickness, Central High School closed Wednesday night, by order of Superintendent of City Schools, C. A. Waltz, to prevent further inroads among the pupils during the grip epidemic. The school will remain closed until Monday, when it is hoped the crest of the epidemic will be passed.

One hundred and thirty-three pupils of Central High School are out of school at present due to grip and allied ailments, according to Superintendent Waltz, who is urging that all parents keep their children at home, during the epidemic to prevent spread of the disease.

COURT FANS WILL WAIT MONTH FOR DETAILS OF CASE

Los Angeles, Jan. 23.—Court fans will be forced to wait thirty days for the next reel of the love story of Dorothy Clark, 17-year-old dancer and Herbert Rawlinson, film star, as told in the \$200,000 suit brought by the dancer who alleges Rawlinson attacked her when she was fourteen.

The case was in adjournment form period due to the illness of the girl's mother, Mrs. Ethel Clark. The adjournment came in the midst of the story of the girl on the stand. Miss Clark had testified regarding the actor's attentions to her beginning when she went to his studio to have him autograph a picture. Rawlinson contends his interest was merely friendly and to gain the girl an entrance in films.

Dozens of love letters which Rawlinson was alleged to have written to Miss Clark in 1918 when she was 13 years old were read to the jury.

MOVIE STUDIO IS DAMAGED BY FIRE

Los Angeles, Cal., Jan. 24.—Damage estimated at \$50,000 was done to the old D. W. Griffiths studio early today when fire broke out in the laboratory of the big plant in the Hollywood district. The studio, known as the fine arts studio houses eight independent motion picture companies. Cause of the fire is unknown.

DISCUSSES NEEDS OF T. B. HOSPITAL

The needs of the district tuberculosis hospital at Springfield, were thoroughly discussed by Dr. C. M. Finney, superintendent of the institution, in an address to the members of the Springfield community council Tuesday night. Pressure should be brought to bear upon Clark County commissioners to provide sufficient funds for the operation of the hospital, declared Dr. Finney.

Dr. Finney anticipates the need of greater facilities, the children's cottage now housing 17 patients and it is expected that the coming medical inspection in Springfield schools will bring to light more cases of children ill with tuberculosis. "The children's cottage is crowded now," declared Dr. Finney, "and is used for all purposes, schoolroom, sleeping room and play quarters. It is not sufficient."

Mrs. A. G. Wilson, R. N., of the state hospital in West Virginia, has been engaged as superintendent of nurses at the hospital, assuming her work last week.

Woman Carries Successful Front Porch Campaign

San Francisco, Cal., Jan. 24.—A woman has gone President Harding one better, Mrs. Mae E. Nolan, taking note of the president's front porch campaign, had won election to Congress from the fifth district of California, by a "front porch campaign."

Mrs. Nolan succeeds her husband, the late John I. Nolan, one of the outstanding representatives of labor for many years in congress. She is California's first Congresswoman. She won over a field of six men, all of whom conducted active campaigns.

She never left her home, never made a speech and had a lead of 3,000 over her nearest male competitor. Essentially a "home woman," Mrs. Nolan because of the recent death of her husband, did not regard it as fitting that she should make a speaking campaign.

But the women of her district, comprising half of San Francisco, and the large labor district—came to her. In delegations of from a score to a half hundred they visited her front porch. Politics did not enter largely into the discussions. But they sized up the candidates and then went to the polls and carried the word to their husbands and sweethearts that Mrs. Nolan was the candidate.

The new Congresswoman from California is "wet."

"I favor modification of the Volstead act," she told International News Service as she received congratulations at her home today. "While strictly speaking the wet-dry question is not an issue, my husband favored liberalization of the provisions of the dry act looking to a return of light wines and beer and any measures having this object will have my support."

Mrs. Nolan will be an out and out representative of labor in Congress as was her husband.

LAUNCHES ATTACK ON KU KLUX KLAN

Columbus, Jan. 24.—An attack upon the "invisible empire—the Ku Klux Klan—by Rev. Will H. Alexander, director of the commission on inter-racial co-operation of the Federal Council of Churches, featured his address at the convention of the Ohio Pastor's Association in session here.

"Organizations working in the dark and behind closed doors are responsible for much inter-racial bad feeling," said Rev. Mr. Alexander. "Yet last year in the south, more lynchings were prevented by officials of law and order than there were carried out, despite the tremendous influence of the Ku Klux Klan for evil."

IRISH REBELS ARE CONTINUING RAIDS

Dublin, Jan. 24.—Republican irregulars raided Castleman today, attacking the barracks, burning down the railway station and blowing up a bridge.

Free state troops were rushed up and fighting ensued in which there were four casualties.

A railway engineer was killed and another wounded while fighting off a band of armed train wreckers at Tralee.

EDWARDS MAY GET PORTO RICO JOB

Washington, Jan. 24.—Brig. General Clarence R. Edwards, who recently retired from the army after commanding the 26th division in the world war, is being considered for appointment as governor of Porto Rico to succeed E. Mont Rell, who was learned officially today. Secretary of War Weeks is understood to favor Edwards' appointment.

PAY TRIBUTE TO FOUNDER

Honolulu, Jan. 24.—Tribute to the man, who eight years ago organized the Knickerbocker Baseball Club in New York City and drew up the first set of rules of organized baseball was paid today by the members of the Major League barnstorming squad. They went in a body to Nuanu cemetery where Herb Hunter laid a floral wreath on the grave of Alexander Joy Cartwright.

MRS. MALONEY IS DEAD.

Spring Lake, N. J., Jan. 23.—Mrs. Margaret A. Maloney, wife of Martin Maloney, Philadelphia gas magnate and papal marquis, died at her home here today.

Sleet And Ice Play Havock In Many Cities Of State

Xenians who ventured without their chains Tuesday night or Wednesday morning found themselves having difficulties in keeping their equilibrium due to the thin layer of ice that covered streets and sidewalks.

Automobiles and pedestrians skidded alike, and the slippery streets almost rivaled the conditions of a few years ago when youths skated on the sidewalks and adults tied rags on their feet to keep from getting their overhauling.

Although automobiles skidded around corners and over curbs, no accidents were reported, although one garage reported pulling in at least a dozen machines that had slipped off the road into ditches from which they could not be driven on their own power. Doctors reported no injuries from pedestrians falling on the slick sidewalks.

STREETS GLARE OF ICE

Dayton, O., Jan. 24.—With the streets a solid glare of ice automobiles were abandoned by owners and drivers where they happened to be when the streets became impassable. Many accidents were reported but no fatalities occurred. Street cars and wire lines were handicapped. A city fireman was hurt when a truck answering an alarm of fire collided with a street car.

AUTOMOBILES STRANDED.

Zanesville, O., Jan. 24.—More than a hundred automobiles were stranded in the business section of the city last night and spent the night in public garages as a result of a heavy sleet storm which struck the city at 7 o'clock and in a few minutes transformed the streets into a glare of ice. Some few motorists who tried to reach their homes in the residential districts abandoned their cars and let them stand across the street, backed up against the curb all night. Street car and interurban traffic was severely hampered. No serious accidents were reported.

CLEVELAND JAN. 24.—MORE THAN

forty accidents, none of them serious, were reported to police early today, the result of a sleet storm, which had paved business and residence streets with a thin coating of ice. Telephone and telegraph service was badly interrupted. Many motorists were forced to abandon their cars on the streets.

THE SOLDIER BONUS.

"Limitation of Immigration."

"A pension bill for postal and other government employees."

Mrs. Nolan plans to leave for Washington within the next week and will take her seat at once.

DONAHEY WILL NOT REMOVE MAYOR NOW

Columbus, Jan. 24.—Governor Donahey today is awaiting action by Salem, Columbiana County, citizens relative to his declaration that he will take no steps relative to their request that he remove Mayor J. W. Post, of Salem, until after formal charges, supported by documentary evidence, including possible affidavits of citizens and organizations at Salem are filed with the governor.

A delegation of Salem citizens, who conferred with Governor Donahey and State Probation Commissioner McDonald here yesterday urged the removal of Mayor Post, claiming he had failed to properly enforce prohibition laws.

COLUMBUS MAN TO SUCCEED DYKEMAN AS FIRE MARSHAL

Louis F. Miller Gets State Job at Salary of \$4,500

Columbus, Jan. 24.—Announcement was made of the appointment of Norman E. B. Beck of Columbus as head of the state blue sky department, succeeding J. M. Elliott, and Louis F. Miller of Columbus as state fire marshal, succeeding Henry Dykeman of Elyria. The appointments were made by Cyrus Locher, commerce director.

In addition to naming Mr. Beck director of the securities division, an advisory committee was named to pass upon all certification of stocks, with a view to protecting the public from worthless securities. Director of Commerce Locher announced he would devote much of his personal attention to this department.

The advisory committee is composed of Phil C. Berg, vice president of the Guardian Savings and Trust company, Cleveland, and Hall M. Strain of the Hall M. Crain & Son Company, Cleveland, dealers in foreign bonds, Democrats; Marshall E. Thrallkill, Columbus attorney, and Henry Furniss, a consulting mining engineer of Lancaster, Republicans.

Mr. Beck, the new commissioner of securities, is an accountant. Mr. Miller, the new state fire marshal, was chief deputy United States marshal at Columbus for four years.

WHICH SPEAKS FOR THE RIGHT?

The inaugural addresses of two governors of states of the American Union, who were elected under circumstances that gave to them peculiar political prominence, show so marked a divergence of opinion and policy concerning a hotly controverted issue in American politics that a comparison is both interesting and important. Gov. Alfred E. Smith of New York, a Tammany Democrat, with a record of business efficiency in an earlier administration, was re-elected last fall, over an unexceptionable Republican candidate, by a majority which stands as the record for size. Governor Gifford Pinchot of Pennsylvania, a Progressive Republican, an inheritor of the Roosevelt tradition, was also elected by an enormous majority.

Upon the very vital question of the enforcement of the law, and particularly that law which springs out of the effort of the people of the United States to break the grip of the liquor power upon the Government and upon society, neither of these eminent executives can be accused of concealment of his purpose.

Governor Pinchot is emphatically for the enforcement of the law by every agency which he can bring to that endeavor.

Governor Smith finds in the concerted and brazen effort to evade and violate the law no suggestion that he should attempt to enforce it, but rather a reason for the law's annulment.

Governor Pinchot declares for the suppression of the law-breaker—Governor Smith for the suppression of the law.

This contrast is the more important because the two states, whose executives thus speak, are the two greatest commonwealths of the American Union.

AT 82 SHE RETIRES FROM ACTIVE SCHOOL WORK.

For forty years, Mrs. Esther H. Richardson has taught in the Hutchinson, Kansas, public schools, most of the time in the senior high school and part of that time as principal of the high school.

Thirty-four graduating classes have gone out from her schoolroom into the world of business affairs and home-making. Boys and girls who were her pupils in the early '80's are now grandfathers and grandmothers, and pupils of her classes in recent years are the sons and daughters of boys and girls who studied under her years before, studied the very same Caesar, Cicero, and Virgil, and the same English classics and ancient history.

Thousands in all are the boys and girls who have gone out into the world from the high-school classes taught by Mrs. Richardson, and it is wonderful how she has kept in personal contact with them since they have become business men and women.

"Of all these boys who have gone out into the world, I know of only one, just one, who might be regarded as a failure," she remarked. "And most of them achieved success right here in the old home town. Many of them have become heads of big business establishments, and prominent men of affairs, right here in Hutchinson."

At the age of eighty-two, Mrs. Richardson retired last year from active work, although she will be retained as one of the substitute teachers and has no intention of completely quitting school work.

It was really sixty-two years ago that Mrs. Richardson began her career as an educator. She graduated in 1860 from school at Springfield, Ohio, and began teaching in the Hillsboro, Ohio, female college. Then the Civil War came along and interrupted, for Doctor Matthews, the president, was a Southerner, and he left for the South. Later she taught in the female college at Springfield, Ohio, and afterward, in the early seventies, went to Kansas.

ON BEING ENTERTAINING.

Most people would like to be thought entertaining, but, since they are not remarkable for their flow of spirits or quickness of wit or gift of narrative, they feel that there is no possibility of gaining such a reputation. Their conversation, as they admit, tends to be humdrum and commonplace. Yet they have always available two topics to which, if they will, they can give individual treatment—themselves and their friends. The idea that to talk about yourself is boring and in bad taste is so widely current that many persons don't talk about themselves enough, and their conversation is colorless in consequence. Some of the best talkers are people who rarely discourse on anything but their own personal experiences, observations and points of view. And, in caution it must be added, some of the most tiresome talkers are to be found among those who confine themselves to similar subjects of conversation.

But talking about other people is dangerous, we have been told; a man is so easily tempted to spread idle gossip and to repeat stories of a deprecatory character. That is one of the easiest ways of making interesting conversation. But no one whose conversation is mainly of that sort is regarded as interesting for long; to acquire a reputation for sharpness of tongue is to lose a good many opportunities for pleasant social intercourse. The people who are always welcome, who are always entertaining to friends and acquaintances, are those who take a kindly, hearty, good-humored view both of themselves and of other people—whose talk about themselves is free from egotism and whose talk about others is without malice.

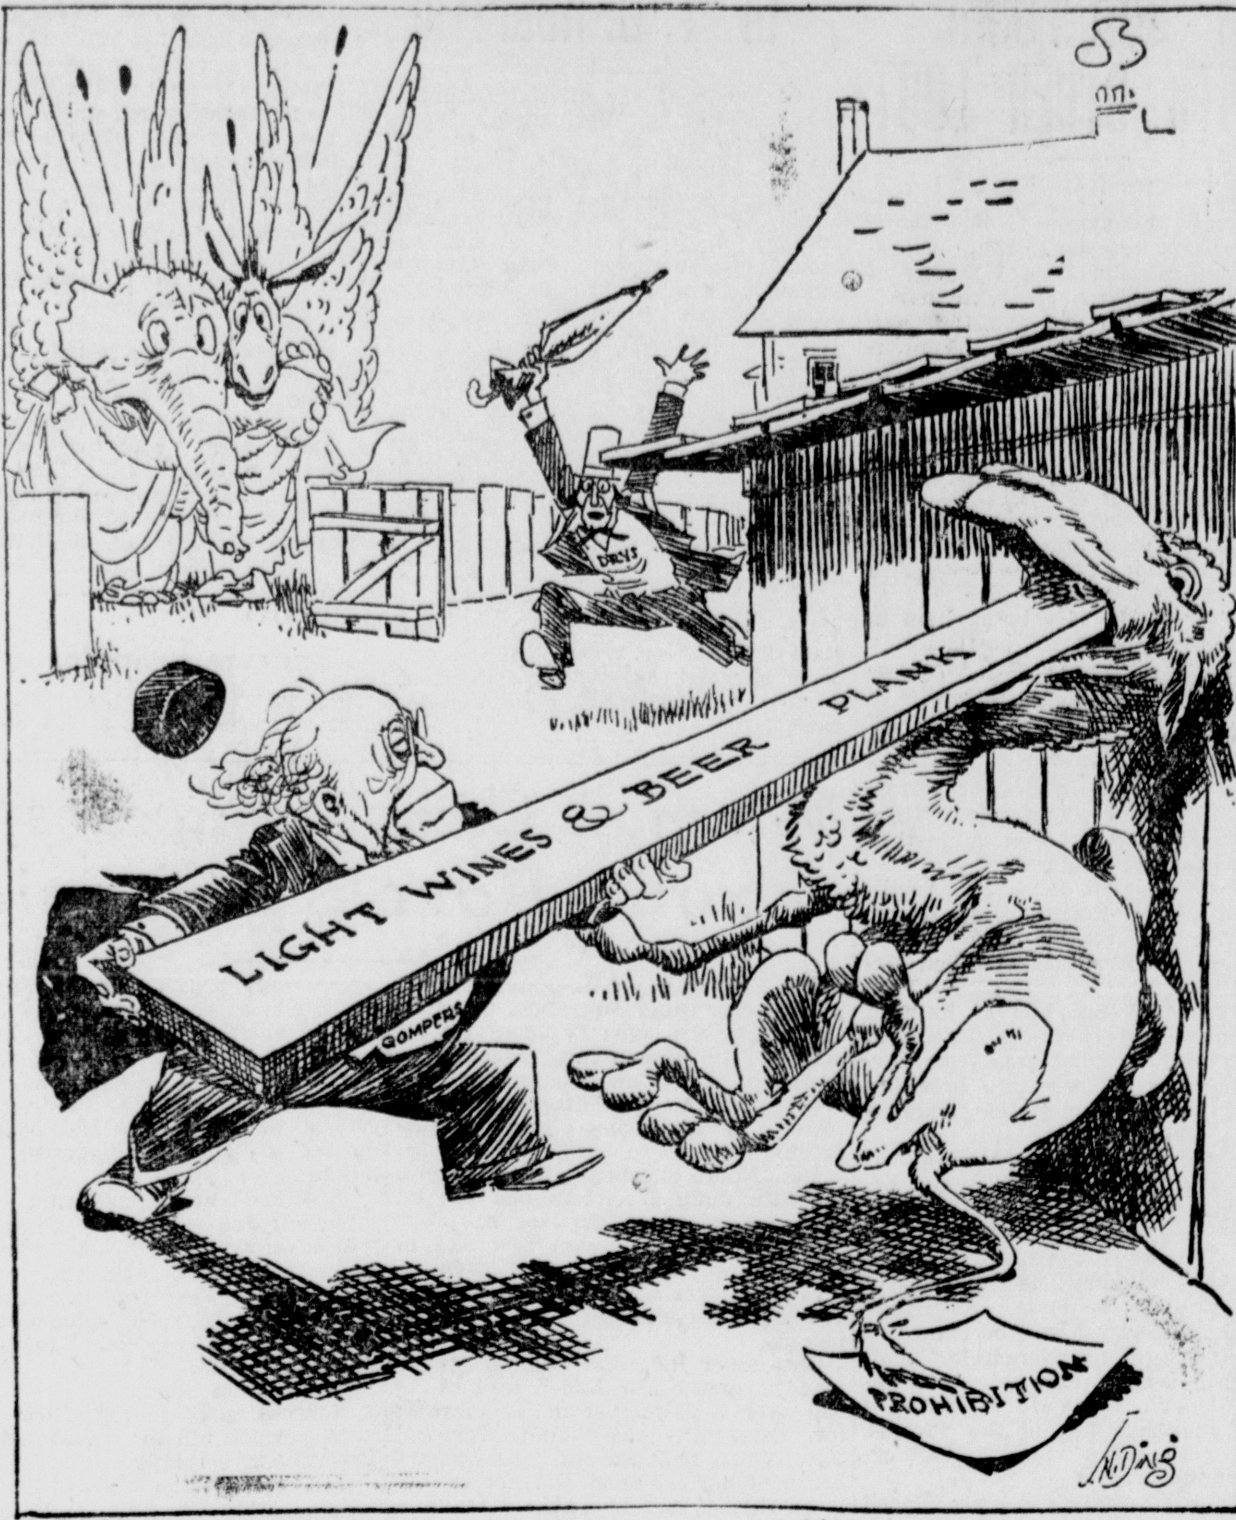

NEW FASHIONED TOWN MEETING.

A new sort of town meeting is in vogue in the rural districts of Ohio. Under the auspices of the agricultural extension offices of the state university, 1,000 towns will hold meetings this winter to discuss local needs and to make a program for meeting them. The county agricultural agents participate in the discussion, but responsibility for the projects undertaken is assigned to local leaders.

One such town meeting a year ago resulted in a variety of improvements for the community. Its people pledged themselves to cull loafing hens from 25 flocks, to introduce soy beans for soil-building on 20 acres of land, to improve homesteads with electric lighting and running water, and so on. Every one of the projects was carried out, and in each case the promised quota was exceeded. That township has set itself forward by a big progressive stride, and is ready to advance still further this year.

It is a town-meeting idea which need not be confined to farm projects. There are communities in which such meetings could do the local school, church, sanitation and public health conditions much good.

WHERE ANGELS FEAR TO TREAD

1903--Twenty Years Ago--1923

It is said that the coal dock, recently erected by the Pan Handle is to be extended westward and the facilities for coaling here greatly improved. Arrangements are being made for placing arc lights on the new dock, the night crews having found it dangerous working coal up on the chute at night. It is said that several more improvements are being planned for this city by the Pan Handle, a new round house being mentioned as being on the list.

The circulation of the Xenia Daily Gazette is now above 2,200 having risen over 500 in the past

eight months. This with a similar circulation for the Semi-weekly, the Gazette constituency consists absolutely of over 22,000 readers.

A new enterprise for this city is the manufacture of a display rack by the Standard Manufacturing company of this city. The rack is for the display of lace curtains, rugs and other articles in stores, orders having been received from all parts of Europe, Australia and South America. The firm has not yet manufactured any of the goods in this city but arrangements are now being made for turning them out in Xenia.

HOW TO POWDER

It seems foolish to talk about "How to powder." But really a great many young girls don't know the art of using powder—which is essentially to use a little very fine powder once a day on the body and now and then on the face.

A pure talcum, delicately scented, is a delight to use and is good for the skin. If a little is dusted in the arm pits every morning after the bath, and over the chest and shoulders, it will make you feel much fresher and more attractive to yourself. A little face powder, applied with a washable wool pad rather than the unsanitary, extravagant feather "puff" will take the gloss from the nose and chin—and need not be renewed

until you wash and dress again at the end of the day, unless your work takes you into hot moist air, or into dusty streets. In that case, the face will become shiny again, and a compact powder box will be a boon.

When you are dressing for the evening, if you wear a low cut frock, be sure you powder the back of the neck and the shoulders liberally with a very good talcum. There is nothing less pleasant than a pearly tinted complexion in front, that becomes brown and coarse pored in back!

About powders themselves, if you can afford it, a good talcum is most pleasant to use after the bath, especially if you like to sprinkle it liberally over your skin for it is cooling and soothing. But a very good substitute is a fine white cornstarch such as is used for cooking, scented with real flower petals or mixed with a little sachet powder. And for the face plain rice powder, unscented or very delicately perfumed, flesh for pale faces of blondes, Rachel for brunettes who are not fallow, Blanch for the too rosy checked girl.

Miss V. T. C.—If you have been troubled for years with constipation you will of course have red lumps and pimples all over the skin. Any kind of yeast such as is used for baking will help you, or, if you do not like this, one large tablespoonful of white mineral oil taken every night will also be valuable. Drink plenty of water and eat lightly.

Helen H.—Your druggist will make up the cold cream formula for you if you wish, but I assure you it is quite easy to do at home. You can have any perfumed oil used that you desire if you substitute the same quantity of it for the perfumed oil called for in the formula.

INDUSTRY PAYS.

By industry we thrive; so let us look alive, and work six days a week; we should be cutting grass, the golden moments pass, they're going like a streak. I used to bask and dream of music and ice cream, of islands far away; I dreamed of idle things, of cabbages and kings, while neighbors put up hay. No wolves were at their doors, and at the village stores their credit stacked up high, while I must dig the price of prunes or shredded rice or anything I'd buy. Collectors eagle-eyed were ever at my side, with bills that long were due; the merchants whom I owed pursued me up the road, a fierce, excited crew. And then I saw at last the errors of my past; I girded up my loins, and said, "I'll dream no more, but do the useful chore, and earn twelve brands of coins." From dreams that wasted time, from sloth that was a crime, I rose, a figure grand; I shooed old things away, and now, throughout the day, you see me pounding sand. I have a tranquil mind, and when I look behind I have no craven fear that constables with writs and bailiffs throwing fits are swiftly drawing near. I work and pay my bills, and when I climb the hills no creditors pursue; but every merchant prince look sweetly on me since I took up methods new.

Today's Talk

The Highest Art. We hear so much of art. But what is art? And what is the highest kind of art?

Lafcadio Hearn says that "unselfishness ought to be the real test of the very highest kind of art." Why do I stoop and fondle and smell the velvet faces of my pet panthers during the summer time? Why do I look into the colors of the sunset and feel natural thrills, like streaks of electric threads, light up my brain?

Why do I understand the song of the creek, and stand for hours listening to the joy of some golden bird as its little throat trembles and bubbles with happy song?

Are we not all—to greater or lesser extent—worshippers of the highest art when we do these things? So we not come away from such experiences richer in heart and with a feeling of kindness toward others that we did not feel before?

I watched an actor the other evening. It seemed to me that from beginning to end, in his part, he did not utter one false note. He was so much the actor that he was almost all art. Is not this art, then, some touching of all that we are into all that has ever been?

And when we have done this thing extremely well—better than we have ever done it before, with no thought of selfish gain—have we not played upon the harp of the highest art?

Has not someone written that what this old world needs is just the "art of being kind?" And isn't he, also, fulfilling the highest art who appreciates?

SLEEP WALKER KILLED.
Cincinnati, Jan. 24.—While walking in her sleep, Mrs. Louise Betz, 52, fell through an open cellar door, sustaining a fracture of the skull, which caused her death at a hospital here. Mrs. Betz lived in Norwood.

The Best Way

THE BEST
To get strong and to keep well is to help Nature rebuild and repair the wear and tear upon body cells. Food is not always sufficiently digested or properly used. The best medicine is that which builds up, not merely braces up. This is why Father John's Medicine secures results, which have caused its steadily increasing use for over sixty-seven years. It contains neither alcohol nor drugs. It supplies one of Nature's great food-medicines which can be easily digested and effectively used. Get a bottle today. It is a builder, not a mere bracer.

ANOTHER XENIA CASE

Just another report of a case in Xenia. Another typical case. Kidney ailments relieved in Xenia with Doan's Kidney Pills.
E. L. Richards, prop. barber shop, 514 W. Second St., Xenia, says: "A short time ago I began using Doan's Kidney Pills to relieve me of the terrible misery in my back. My back was sore and ached constantly and there seemed to be a heavy throbbing through it. Mornings my back and shoulders were so lame and stiff I could hardly get out of bed. When I stooped over I had sharp pains through my back. My kidneys were irregular in action and at night I had to get up several times to pass the kidney secretions, which were scalding and highly colored. Doan's Kidney Pills were highly recommended so I got some. Several boxes relieved me of those sharp pains in my back and my kidneys became normal."

PASTOR WHO BAPTIZED DOG HOLDS CHURCH

Rev. Edwin Curtis and wife.

Three years ago Rev. Edwin Curtis, a quiet spoken, cultured minister, went to Brookline, Mass. from England and was given the pastorate of a Brookline church. Then he defied what he termed as "insignificant minority" of his church, and for three years there has been a battle on

in the congregation, during which ecclesiastical and court efforts have been made to oust him. He was brought up on charges that he baptized a dog, and asked a blessing on French fried potatoes. The Court, however, has upheld him, and he retains his pastorate of the First Presbyterian church in Brookline.

Ohio Federation of Women's Clubs

By Mrs. George Elliott McCormick.

Back home again from Washington where she attended a meeting of the board of directors of the General Federation of Women's Clubs in the large drawing room of General Federation headquarters at No. 1734 N. street, northwest, Mrs. Cornelius S. Selover, Cleveland, Ohio Federation president, General Federation director for Ohio and member of the General Federation headquarters committee, is enthusiastic over the much needed national federated club home. She had hoped to pay one-third of Ohio's pledge, but as only \$2,000 had been paid in this was impossible. The sum of \$2,333 was necessary for a third.

"The need for funds now is urgent owing to the expense of remodeling, furnishing and installation of elevator and heating plant," Mrs. Selover declares. "Ohio clubs that have not yet paid will please send their money to the treasurer, Mrs. Allen Marshall, Piqua, Ohio, so that another payment on our first installment can be made by March 15 if possible. In addition to the individual pledges of state federations, the General Federation board decided that hereafter any rooms furnished by a state as a memorial must be paid, also, Mrs. Selover points out in an interesting report of the General board meeting, "Before the biennial convention in Chautauqua, Penn., was given permission to furnish a room," she says, "in honor of Mrs. Ames, the mother of Mrs. Thomas G. Winters, of Minneapolis, General Federation president, and Massachusetts one in honor of Julia Ward Howe."

"The final opening of the headquarters was held Thursday evening, Jan. 11, when a formal reception was

conducted for official Washington. Many congressmen and their wives were present.

"Friday evening, a reception to all club women and their husbands living in or round about Washington was conducted. The reports of chairmen showed great interest in the work of the federation, Organization of Junior Clubs was strongly urged, also county organizations. Junior clubs in Ohio are asked to send their names to Mrs. Kenneth R. Taylor, Sheridan road, South Euclid, Ohio.

She is state chairman of Junior memberships.

"When we consider that there are 50 states, including Alaska and the District of Columbia, in the General Federation, Ohio is indeed fortunate to have so many places of honor in the General Federation," Mrs. Selover observes.

Among Buckeye club women high in the councils of the national organization are Mrs. Prentice E. Rood, of Toledo, former president of the Ohio Federation and now chairman of the General Federation committee on public health nursing; Mrs. Edith McClure Patterson, Dayton, chairman of the committee on house budgets; Miss Genevieve Cline, Cleveland, second vice president of the committee on legislation; Mrs. John MacKee, Springfield, war memorials; Mrs. Cornelius S. Selover, Cleveland, Ohio Federation head and General Federation director, member of the General Federation headquarters committee chairman of committee on standardization of state constitutions, vice chairman of Junior memberships and member of committee to formulate plans for club institutes.

The need of a better understanding of club methods and ethics by club women is apparent to many club women. This need was recognized at the General board meeting which decided to create a committee to formulate plans for club institutes for the benefit of clubs all over the United States. Organization work often is handicapped by the frequent changes of committee members in clubs, many of whom are not experienced.

Mrs. Selover reports that the majority of the General board members remained over in Washington for a day to attend the Industrial conference called by Miss Mary Anderson of the women's bureau, United States Department of Labor. President Harding received the board on Thursday, after which a tour of the different departments of government of special interest to club women was made.

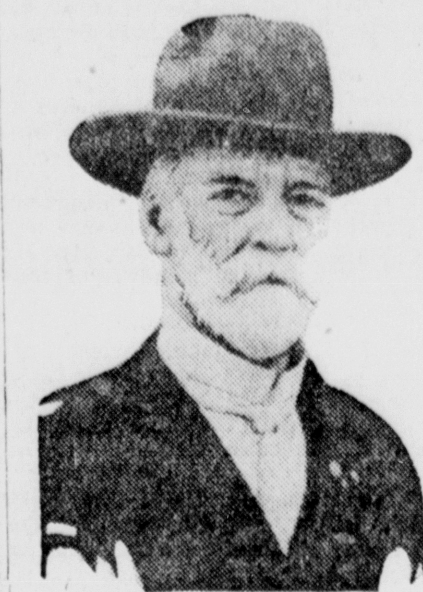

MELLON RULES ON STOCK DIVIDEND

Washington, Jan. 22.—Declaration of a stock dividend does not indicate that the corporation involved has "accumulated gains of profits beyond the reasonable needs of the business," as prohibited by law, Secretary of the Treasury Mellon declared

this afternoon in a letter to the senate.

Replying to a senate resolution sponsored by Senator Brookhart, Republican of Iowa Mellon announced that the punitive provisions of the revenue act had not been invoked against any of the 328 corporations which the federal trade commission charged with releasing their surpluses through stock dividends in 1922.

FREIGHT INCREASE IN COUNTRY SHOWN

Washington, Jan. 24.—As an evidence of the prosperity existing throughout the country the railroads loaded 873,251 cars with revenue freight during the week ending Jan. 13, establishing a new high record for this period of the year, the Ameri-

can Railway Association announced today.

The total for the week exceeded by 102,938 cars, or 13.4 per cent the previous week, and was an increase of 159,060 cars, or 22.3 per cent over the corresponding week last year.

In establishing the new high mark new records for this time of year were made in the loading of merchandise and miscellaneous freight which includes manufactured goods, considered one of the best indications to business conditions obtainable. Coal grain, livestock, and other commodities reflected great increases.

DEMONSTRATION OF KLAN DRAWS FIRE FROM OHIO MAYOR

Lima, Jan. 24.—Masked law will not be allowed to rear its head in Harrod. This is the dictum voiced by Kirby White, mayor of Harrod, who is conducting an investigation of the demonstration staged recently on the Ridge road, a half mile north of Harrod by a band of men who proclaimed to Allen County residents a message on the "flaming cross" and white robed law.

Farm folk, numbering several hundred, watched from nearby fields as the band performed the white robed ritual, set fire to an improvised cross of wood, which was wrapped in oil soaked burlap, and then hung the emblem of masked law in a tree a short distance from the home of Charles Smith, farmer. A rocket shot into the night sky was the parting emblem.

Mayor White collected Ku Klux Klan literature at the scene of the demonstration. It is claimed, including copies of the "Searchlight" or-

ROY HAYWARD BUYS CIGAR STORE ON E. MAIN ST. TUESDAY

Roy C. Hayward, former city auditor of Xenia, became the new owner of "The Smoker," East Main street cigar store, through a deal completed Tuesday afternoon.

The store was purchased from William Eyer, who has operated it for some time but who, with Mrs. Eyer expects to leave soon for California to spend the rest of the winter. The new owner assumed possession of the property at once.

Mr. Hayward was formerly a partner with C. F. Taylor in the operation of the Arcade billiard hall, now located on South Detroit street. Selling his interest in that business he was appointed City Auditor by Xenia's first commission and held that position under former City Manager Kenyon Riddle.

Resigning his position with the city, Mr. Hayward was later connected with the Greene County Lumber Co., and has recently been connected with the Dayton branch of the Norwood Sash and Door Company. He resigned his position with that company to take effect at once in order to assume the direct management of the business he purchased.

The East Main street stand was first opened as the local retail branch of the Mullen-Jenkins Tobacco Co., a jobbing house, and was purchased by Mr. Eyer more than a year ago, and has since continued to operate. It Earl Collier who has been employed at the store will continue in the employ of the new owner.

SCHOOLS INVADDED BY GRIP EPIDEMIC

The grip epidemic which has played havoc with the ranks of pupils in the schools, many children being kept from their studies, and in some cases causing the schools to be closed.

Xenia City grade schools have gotten back to almost normal attendance, according to C. A. Waltz, superintendent of the city schools, for the first time since the epidemic began, only four or five pupils in each grade being absent.

Central High School was more severely hit than the other schools, illness causing a large number of absences. Clarke Run school, and Clifton School have closed on account of illness among the children.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means
You Have Not Been Drinking
Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water acids and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice combined with lithia and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate thus, often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

Don't use cosmetics
to hide skin trouble
Resinol
aids poor complexions

If your complexion is rough, red, or pimply, don't try to cover up the defects with cosmetics which do not conceal, but usually attract attention to the reason for their use. Begin today to clear your skin with Resinol Ointment and Resinol Soap.

This treatment not only cleanses the skin and enables it to breathe, but usually removes blotches, redness and roughness.

Ask your dealer for Resinol Soap and Ointment.

NO CHAINS-TWO BANDITS CAUGHT

Newark, O., Jan. 24.—Two masked men held up the Reinhold Filling station at the southern edge of town last night and robbed the cash register of forty-one dollars and made a temporary getaway in their automobile, which they had purchased on the installment plan.

The absence of chains, necessary on the icy roadway, made their capture comparatively easy at a point five miles south of town and they were brought back here and locked in jail.

They gave their names as Paul

Boils Quit Quick!

S. S. S. Will Prove to You in Your Own Case the "How" and "Why" of its Remarkable Blood-Cleansing Power!

There is a reason for everything that happens. Common sense kills misery. Common sense also stops boils! S. S. S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit its power! S. S. S. builds blood-purifier. It builds red-blood-cells. That is what makes fighting-boils. Fighting-boils destroys impurities. It fights boils. It always wins! It fights pimples! It fights skin eruptions! It builds nerve power, thinking power, the tight-fisted power that whisks a man up into success. It gives women the health, the angelic complexion and the charm that moves the world! These are the reasons that have made S. S. S. today the great blood-cleanser, body-builder, success builder, and it's why results have made tears of joy flow from the souls of thousands! Mr. V. D. Schaif, 557 15th St., Washington, D. C., writes:

"I tried for years to get relief from a bad case of boils. Everything failed until I took S. S. S. I am now absolutely cured, and it was S. S. S. that did it!"

Try it yourself. S. S. S. is sold at all drug stores in two sizes. The larger size, bottle is the more economical.

S. S. S. makes you feel like yourself again

Iowa Physician Makes Startling Offer To Catarrh Sufferers

Found Treatment Which Healed His Own Catarrh and Now Offers To Send It Free To Sufferers Anywhere.

Davenport, Iowa.—Dr. W. O. Coffee, suite 834 St. James Hotel Bldg., this city, one of the most widely known physicians and surgeons in the central west, announces that he found a treatment which completely healed him of catarrh in the head and nose, deafness and head noises after many years of suffering. He then gave the treatment to a number of sufferers and they state that they also were completely healed. The doctor is so proud of his achievement and so confident that his treatment will bring other sufferers the same freedom it gave him, that he is offering to send a ten days' supply absolutely free to any reader of this paper who writes him. Dr. Coffee has specialized on eye, ear, nose and throat diseases for more than 25 years and is honored and respected by countless thousands. If you suffer from nose, head or throat catarrh, catarrhal deafness or head noises, send him your name and address today.—Adv.

Old-Time Employee of Hartman Hotel
Tells of His Experience With
Ka-di-ok.

Mr. Harley Eggleston, a well-known Columbus man, an employee of the old Hartman Hotel for several years, and now employed by the state as watchman and caretaker of the property, since it was taken over by the Industrial Commission, is another gratified user of Ka-di-ok. He says: "My health has always been fairly good, but for the past few months I did not feel quite right. My nerves were all on edge; I had scarcely any appetite at all, and was very restless at night and failed to sleep when I went to bed. I felt weak and worn-out. I realized I needed a tonic and nerve remedy to strengthen my nerves and build up my system. Ka-di-ok had been highly recommended to me and I started taking it. I am pleased to state that it has helped me a great deal. I have overcome my nervous trouble, sleep well and have a fine appetite. I feel perfectly fit and well now and am glad to tell what I know about it. Ka-di-ok is a real good tonic and nerve medicine.

Ka-di-ok can be obtained at Sayre & Hemphill's Drug Store, Xenia.

ARMY OFFICERS MUST NOT HELP THE FRENCH NOW

Washington, Jan. 24.—Secretary of War Weeks today instructed Major General Henry T. Allen, commanding the American army of occupation in Germany to immediately withdraw all American officers serving as observers with the French military forces.

Weeks said he did not believe any American officers were accompanying the French in their invasion of the Ruhr but that the orders were issued to General Allen as a precautionary measure.

U. S. NOT ACTIVE FOR CONFERENCE

Washington, Jan. 24.—The United States government will not take any steps at this time toward the calling of an international economic conference because it believes such a parley would be foredoomed to failure and could only result in further complicating disordered world affairs.

This was made plain today in the highest administration circles in connection with reports from Rome and Berlin that Italy is about to appeal to the American government to inaugurate such a conference.

Thus far the reported Italian appeal has not reached President Harding nor Secretary of State Hughes, and all official knowledge of it was disclaimed by the State Department today.

SENATE TO HEAR HARDING REQUEST

Columbus, Jan. 24.—A resolution asking President Harding to call an international conference to consider reparations, war debts, limitation of armaments and economic problems and to determine upon plans for world rehabilitation and preventing another war is expected to be introduced in the Senate here today by Senator J. E. Burke, Elyria, progressive Republican leader.

BLOOM RETURNS.

Columbus, Jan. 24.—Lieutenant Governor Earl D. Bloom, Democrat, of Bowling Green, who has been absent from his place as president of the Ohio senate since his inauguration, is back on the job. Bloom took occasion to score Senator George E. Kryder, Republican floor leader, as a result of the senate's action in authorizing Kryder to appoint a committee to investigate Bloom's continued absence.

"Kryder started this for petty, political purposes," Bloom declared. "He knew full well that I was tied up in two important law suits."

WANT SALEM MAYOR REMOVED.

Columbus, Jan. 24.—Governor Donahy has been asked to remove from office Mayor John W. Post of Salem, for alleged failure to enforce prohibition laws. Request for the mayor's removal was made by a delegation of Salem citizens, who came here to ask action from Donahy. After hearing the Salem representatives, the governor refused to take any action until formal charges are filed, substantiated with proof.

PLANT IS DESTROYED

Blanchester, O. Jan. 24.—A bursted water plug hindered volunteer fire fighters when the C. E. Bates and company cannery plant here was destroyed by fire last night. C. A. Bates, president, today estimated the loss at \$60,000.

BEEKEEPERS TO MEET.

Columbus, Jan. 24.—The annual convention of the Ohio Beekeepers' association will be held in the Botany and Zoology building, State university, Feb. 1, 2 and 3, during farmers' week. The program includes addresses by noted speakers, business sessions and an old fashioned beekeepers' talk fest.

Addresses will be delivered by Vice President Frank E. Shriver, Dr. J. C. Hutzelman of Glendale, O.; Dr. S. B. Fracker, state entomologist of Wisconsin; E. C. Sleeth, E. R. Root, F. B. Moore and other experts.

ICE DISAPPEARS

ADDRESSES WILL MARK MEETING OF LOCAL W. C. T. U.

An interesting program has been arranged by the committee for the all-day joint meeting of the A. C. Turrell and Xenia W. C. T. U. organizations which will be held at the home of Mrs. D. S. Ervin, 218 North King Street, Friday.

The program will begin at ten o'clock in the morning, when devotionals led by Mrs. A. J. Furstenberg or Law enforcement and juvenile work will be the subject of an address by Probate Judge J. Carl Marshall, Mrs. J. H. Benbow will speak on parent-teacher problems and Miss Mary Solters, Dayton policewoman, will address the gathering on her work. Miss Mary Ervin's talk on work with children will conclude the regular program.

Mrs. Raymond Wolf will be in charge of music for the day. Members are not only urged to be present but are asked to bring one or more guests with them. Members will take a covered dish and sandwiches for the noon meal.

Prof. Joseph Bartlett of Antioch College, preached Sunday morning at the Presbyterian Church.

Miss Mary Currie had the misfortune to break her arm Thursday. She was attending a missionary meeting at the home of Mrs. J. N. Wolford and fell while coming down the steps.

Hugh Funderburg of Belvidere, Ill., arrived Wednesday to see his father J. H. Funderburg who is very ill. He returned home Thursday evening.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

DO YOU KNOW THE VARIOUS COTTON MATERIALS?

The housekeeper is the foreman of the home. It is, therefore, her duty to become a good buyer. Most of us know good values in such things as rugs, furniture, china or kitchenware. But when it comes to purchasing materials for dress or upholstery, many of us fail. If you do not know all of the following cotton fabrics by sight, it will be worth your while to stop at a cotton goods counter, next time you go through a dry goods store and ask to see them.

Chambray:—This is woven in a plain weave with a white selvage and is used for dresses, men's shirts, little tot's rompers, and aprons. Galatea: A heavy, firm sateen weave with a design printed on one side. Fine for children's clothing and outfitting suits when a cloth of unusual strength is desired. Cotton Damask is used for tablecloths and dollies, but in buying it the housewife should understand that after a few washings it will have a fuzzy surface—although when bought it has the same appearance as linen damask. When sold, it has a mercerization which soon wears off, as the cotton fibre is short and the ends of the fibres cannot be held in place like the ends of the linen fibres. The result is that the short cotton fibre will not take a good polish with a hot iron.

Velveteen is an imitation of velvet but is made wholly of cotton. Sheet-iron, if good, will have round, firm threads closely packed together with the warp and filling threads equally balanced. Very little sizing is used on a good quality of sheeting—so make sure that the sheeting you buy is not full of sizing. Unbleached sheeting will give better wear than the bleached, because fewer chemicals are used in finishing it. As it will become white in time, after many washings, and a few nights on the line (for night air bleaches) it is equally as desirable as the white.

Long Cloth:—This is a soft, firm

Chapters From A Woman's Life

BY JANE PHELPS

DOREEN LEFT ALONE. CHAPTER EIGHTY-SIX.

"Are you at liberty tonight?" Mrs. Page, asked Walter at dinner. "Yes, Mater. Why?" "Not tired?" she asked. "Not now, cook outdid herself tonight. After such a dinner I should be ashamed to confess I was tired. When I get my smoke I shall feel like a fightingcock."

"Then you'll take me to a lecture?" I glanced slyly at Walter. He kept his face straight but I saw, by his eyes, trying to catch mine, that he was wishing me to help him; that he did not want to go. I refused to understand and he replied: "All right! I expect I'll go to sleep unless it is very interesting, I have eaten so heartily."

"I'll forgive you if you do, so long as you take me."

"I wondered why she didn't ask me to go along. I would be left alone, but she said nothing more, and I thought it queer she hadn't said anything about it. Jack was asleep, and both Jennie and Mary were to be in all the evening."

Mrs. Page was the kind of woman who took all service given her for granted, as if it were a pleasure to those rendering it. So she smiled placidly at Walter and told him to get his smoke at once as they would need to leave in half an hour.

"Shall I dress?" Walter asked. "Certainly," she replied as she retired to her room, so escaping the sight of the little grimace Walter made at her reply.

But he dutifully dressed, smoking as he did so, and when she came out all dressed even to hat and gloves he was also ready.

I watched them leave, chatting together, and a feeling of neglect and loneliness gripped me. I had asked no questions; did not know where they were going, who was to lecture. Mrs. Page had volunteered no information and I was too proud to ask it.

I got a book and sat down to read.

MAKE DONATIONS TO OPPORTUNITY SCHOOL

Pupils of the Opportunity School have been benefited by the receipt of several substantial gifts recently, in the form of financial and food donations. The Elks' Club, gave the school \$40 in cash, the Springfield Dairy Products Company, presenting \$10 worth of milk and butter.

Various churches and mothers circles, and clubs, have sent supplies of sandwiches, canned fruits, vegetables, jellies, and other food supplies. In addition, several individuals have supplied the school with milk each day.
